RISK FACTORS

The purpose of this section is to enable a potential investor to assess the relevant risks related to an investment in the Bonds in order to make an informed investment decision. The below risk factors are therefore limited to risks that, in the meaning of Regulation (EU) 2017/1129, are material and specific to the Issuer and the Bonds.

The manner in which the Issuer and the Bonds are affected by each risk factor is illustrated by way of an evaluation of the materiality of the relevant risk factor based on the relative probability of it occurring and the expected magnitude of its negative impact, for the purpose of which the probability is estimated as “low”, “medium” or “high” and the magnitude of negative impact if it would occur as “low”, “medium” or “high”. Irrespective of the probability or magnitude of negative impact stated in relation to each risk factor, all risk factors included below have been assessed by the Issuer to be material and specific to the Issuer and the Bonds in the meaning of Regulation (EU) 2017/1129.

The risk factors are organised in several categories and the most material risk factor in a category is presented first under that category, whereas subsequent risk factors in the same category are not purported to be ranked in order of materiality.

RISK FACTORS SPECIFIC AND MATERIAL TO THE ISSUER

I. Market risks

Macroeconomic factors have a major impact on the property market

The property market in general, and, as a result, Nyfosa’s operations, are affected to a considerable degree by macroeconomic factors such as the general economic sentiment, inflation and possibly deflation, employment rate, the rate of construction of new housing and commercial premises and changes to infrastructure and demographics. Economic growth affects the employment rate, which is an important factor regarding, for example, demand for properties and tenant solvency. An economic downturn leading to lower employment rates, a sharp rise in inflation or deflation could have a negative impact on Nyfosa’s operations, financial position and earnings. Inflation also has an impact on the Issuer’s property expenses.

Furthermore, changes in market interest rates and inflation impact the required yield and thereby the market value of the properties. Higher vacancy rates, higher interest rates, rising costs and lower rent levels could have a negative impact on Nyfosa’s operations, financial position and earnings.

Moreover, global macroeconomic conditions may be adversely affected by, for example, international policy, geopolitical tensions, acts of war and/or increased sanctions. As an example, the financial markets have during 2025 been impacted by tariffs imposed by the U.S. administration as well as counter tariffs in respect thereof. An escalation and/or prolongation of geopolitical tensions, sanctions and political uncertainty may negatively affect the financial markets, economic growth, business activity and property markets. This may have a negative impact on Nyfosa’s operations, financial position and earnings.

The Issuer considers the probability that the risks described above would materialise to be high. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

II. Risks relating to the Group's business activities and industry

Rental income and rental development

Rental income is the Group's main source of income. The Group's rental income is affected by vacancies in the Group's properties, contracted rental rates and tenants paying on time. Rental rates and vacancies are affected by, among others, the supply and demand on the market and the level of the market rental rates, which in turn are largely affected by the general state of the economy both regionally and nationally.

Increased vacancies and/or decreased rental rates will negatively affect the Group's earnings. The risk of fluctuations in vacancies increases with a higher share of single large tenants. As of 1 January 2025 and 1 April 2025, the Group's ten largest tenants accounted for approximately 11 per cent of the total contractual rental income, and per the same dates the Group had an economic occupancy rate of 90.5 per cent and 90.0 per cent respectively. There is a risk that the Group's larger tenants do not renew or extend their lease agreements upon expiry and that the Group is unable to obtain equivalent income from new tenants, which in the long term could result in reduced rental income and an increase in vacancies.

Furthermore, the general rent-level risk is also attributable to the trend in current market rents. A long-term downward trend in market rents would adversely impact the Group's rental income and a recession would increase the risk of large-scale vacancies in the Group's property portfolio. When a vacancy occurs, this could entail costs for customising the premises for a new tenant, and hence, a risk that the vacancy will be long-term. Also, there is a risk that the Group is not able to pass on increased costs, for example in relation to newly completed renovation projects, to its tenants through increased rent levels.

The Issuer considers the probability of large fluctuations and increases in vacancies, decreases in market rental rates or any other loss of rental income to be medium. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risks related to operating costs

Operating expenses (Sw. *driftskostnader*) consist primarily of rates-based costs such as costs for electricity, waste collection, water, snow clearance and heat. Several of these goods and services can only be purchased from one or a small number of suppliers, which limits Nyfosa's ability to negotiate pricing. During 2024, Nyfosa's operating expenses amounted to SEK 673 million and during the three months period ended on 31 March 2025, the operating expenses amounted to SEK 211 million. These expenses vary between different quarters and e.g. inflation or severe weather conditions may lead to, and has historically led to, significantly higher costs during specific quarters. Nyfosa's net operating income, and ultimately its financial position could be materially adversely affected if it is not possible to offset higher operating costs by regulating them in the terms of the lease or renegotiate the lease to raise the rent.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risks relating to developments of the Group's property portfolio

As a part of its business, the Group undertakes investments in its existing property portfolio in the form of modifications or improvements of properties. Larger development and improvement projects may involve substantial investments for the Group, which may lead to increased credit risk if the Group cannot lease the premises at a reasonable price level or divest the properties at an attractive value. There is a risk that major construction projects and renovations of the Group's properties could be delayed or become more expensive than initially anticipated or that the investment does not entail the

anticipated increase of value of the properties. As a consequence, the Group may be unable to make use of such properties as planned, which, in turn, could lead to higher costs and loss of earnings.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Operational risks

Real estate investments involve operational risks. The Group's business operations are associated with the risk of incurring losses due to deficient procedures and that irregularities, internal or external events, could cause disruptions to or damage the business. Central functions of the Group's business are managed internally within the Group, including consolidation and analysis of financial information, however, the Group has, among others, outsourced parts of the day-to-day financial management to external service providers, including accounting and closing procedures for subsidiaries (not the Group) as well as payroll and lease administration. Thus, it is of particular importance that the Group has efficient procedures in place to ensure the quality of the reported data from the service providers. Inadequate resources, a lack of internal control and follow-up may entail risks that suppliers do not perform their duties in the desired manner, fail to deliver on time or do not fulfil other requirements stipulated by the Group in terms of among others, safety, information management and quality. Consequently, there is a risk that operational errors within the Group and the failure to ensure the quality of outsourced services delivered could result in increased costs, operational disruptions and inaccurate information.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risks relating to the ability to recruit and retain qualified staff and senior executives

The Group's future development and success depends to a significant extent on the knowledge, experience and commitment of the Group's management and other key personnel. The key personnel within the organisation have over the years obtained an in-depth knowledge of, and good relationships with, the property market. The Issuer's organisation is deliberately limited in terms of number of employees and the Group is therefore dependent on these key personnel, particularly as the Group's transaction-intensive operations requires a high degree of individual responsibility and decision-making, close relationships with different market operators and in-depth knowledge and understanding of the property categories and geographic areas in which the Group operates. Furthermore, it is of great importance that the Group retains and continues to motivate such key employees, as well as being able to recruit, retain and develop other qualified senior executives, including key employees. Consequently, there is a risk that key personnel and other qualified senior executives leave the Group and that the Group fails to recruit suitable and experienced persons replacing them, which could have a negative impact on the Group's earnings.

The Issuer assess the probability that the risks described above would materialise to be low. If the risks were to occur, the Issuer considers the potential negative impact to be low.

Technical risks

Real estate investments involve technical risks. A technical risk can be described as the risk related to the technical operations of the relevant property, such as the risk of defects relating to the construction, other inherent shortcomings or deficiencies, damages (for instance due to fire or other forces of nature) and environmental hazards. If any technical problems would occur, such occurrence may result in significantly increased costs for the properties which may negatively affect the Group's financial position.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be low.

Risks relating to disruptions in IT systems

There is a risk of intrusions into the Group's IT environments, such as cyber-attacks targeting the Group's IT systems or websites which has become increasingly common. Such security breaches can disrupt the Group's operations and lead to leakage of confidential or sensitive information such as trade secrets, financial information, or sensitive information about tenants or suppliers to the Group. If such information is disclosed or spread, there is a risk that the Group could be subject to claims for damages, litigation, or governmental investigations, and could lose tenants and business opportunities, which could negatively impact the Issuer's operations, financial position, and operating results.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risks relating to the Group's joint venture Söderport

The Issuer holds shares in the property company Söderport Property Investment AB ("**Söderport**"). Söderport is owned together with AB Sagax (publ) and the parties each hold a 50 per cent stake in Söderport. The share ownership is regulated by a shareholders' agreement, and accordingly, the Issuer does not have sole control over Söderport and cannot independently control the investments or divestments of properties in Söderport. Accordingly, there is a risk that the value of Söderport develops in a negative manner for the Group if, for example, Söderport would carry out its business in a manner not consistent with the Group's business strategy.

Furthermore, there is a risk that the Group, with its opportunistic business strategy, and Söderport could be interested in conducting the same type of transactions and therefore be considered as competitors. If such situation arises, where the Group and Söderport have competing interests, there is a risk that the Group's business opportunities could not be carried out as desired or in an optimal manner, which could have a negative impact on the Group's earnings.

The Issuer assess the probability that the risks described above would materialise to be low. If the risk were to occur, the Issuer considers the potential negative impact to be low.

Risks relating to acquisitions and disposals of properties and the opportunistic transaction strategy

Acquisitions and divestments of real estate is a part of the Issuer's business strategy and are associated with risks and uncertainties. The acquisition of properties may result in acquired properties, which were deemed attractive to the Group at the time of the acquisition, proving to be difficult to lease and thus, leading to a decrease in the value of the Group's property portfolio due to, for example, loss of rental income. If the value of the Group's property portfolio decreases, this would negatively affect the Group's financial position.

In addition, suitable investment objects must be identified at acceptable price levels. A shortage of attractive acquisition targets, or greater competition for these, entails a risk that the Group's opportunistic transaction strategy cannot be fully implemented. A part of the Group's opportunistic strategy involves, among others, having an efficient decision-making process, which in certain cases may lead to greater risk-taking. There is a risk that the Group fails to acquire attractive acquisition targets or misjudges, for example, the market or the potential of a property or a new geographical market as regards the profitability, which could have a negative impact on the Group's operations.

Acquisitions and divestments of real estate are also subject to other risks, such as (i) future loss of tenants, (ii) potential environmental impact from activities carried out on the property which could lead

to sanitation costs, (iii) detrimental decisions from authorities, and (iv) sellers' or operators' previous conduct or financial position. A seller may, for example, experience financial difficulties and therefore be unable to pay compensation in connection with warranty claims, which would negatively affect the Group's financial position.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be low.

Risks relating to operating in different geographical markets

The Group operates on the Swedish, Finnish and Norwegian property market and may from time to time evaluate the possibility to enter into new geographical markets. As of 31 March 2025, the properties in Finland accounted for approximately 20 per cent of Nyfosa's total property value and the properties in Norway accounted for approximately 4 per cent of Nyfosa's total property value. Expanding into a new geographical market is a substantial investment, both in respect of financial resources but also in relation to the time put into the due diligence and strategy planning required.

Geographic expansion also entails that new administrative procedures must be put in place, for example in relation to accounting and in order to ensure compliance with local laws and regulations. There is a risk that the administrative burden of a new market entry becomes larger than the Issuer had anticipated initially. Having to comply with laws and regulations in several jurisdictions simultaneously also increases the risk that the Group fails to keep itself updated of the ever changing and complex regulatory regime applicable to property companies and their operations. There is consequently a risk that the Group unintentionally breaches applicable rules and regulations if the Group fails to implement the appropriate administrative functions in conjunction with the entry into the new market. Furthermore, geographic expansion exposes the Group to currency risk, i.e. the risk that the currency exchange rate fluctuations will have an adverse effect on the Group's cash flow, financial position or its consolidated income statement or balance sheet.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be low.

III. Legal and regulatory risks

Risks relating to tax and changes in tax legislation

Tax is a significant cost item for the Issuer and the regulatory framework relating to taxes for real estate companies is complex. The Swedish Tax Agency's authorities are comprehensive and the judicial bodies' interpretation and reviews take place in many stages, which means that it can take a long time to establish the correct application of legislation in complex taxation matters, which may adversely affect the Issuer. The Swedish Tax Agency's tax rulings as well as court rulings may entail that actions taken or completed transactions that were previously considered permissible may need to be reappraised at a later stage entailing costs for the Issuer.

Furthermore, a change in the current tax legislation could result in the Group facing an increased tax burden which could affect its result and financial position.

Furthermore, in 2020 the government commissioned The Swedish Mapping, Cadastral and Land Registration Authority (Sw. *Lantmäteriet*) to investigate the conditions for introducing a general stamp duty, which covers acquisitions made through property development measures. The Swedish Mapping, Cadastral and Land Registration Authority presented its report on 31 March 2022. The report contains a law proposal for introduction of a general stamp duty for (i) direct real estate acquisitions followed by property formations (Sw. *fastighetsbildning*); (ii) real estate acquisitions through reallocation (Sw. *fastighetsreglering*); and (iii) real estate acquisitions through partition (Sw. *klyvning*). For acquisitions

through reallocation and partition the report proposes a general tax reduction for legal entities, meaning that the value should only be taxed to the extent it exceeds SEK 350,000. However, the report does not contain a suggested date of entry into force for the proposed legislation and The Swedish Mapping, Cadastral and Land Registration Authority emphasizes that the law proposal requires further investigation. If implemented, the proposal would impact tax payable upon the Group's future real estate acquisitions/disposals made through property development measures.

The Issuer considers that the probability that the risk described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risks relating to disputes, claims, inquiries and lawsuits

The Group may become involved in disputes associated with the Group's operations. Disputes could concern claims by or against tenants, suppliers to the Group or be made by authorities against the Group. Disputes may also arise in conjunction with acquisitions or divestments of properties or relate to environmental conditions. Disputes and claims can be time consuming, disrupt operations, involve significant amounts and negatively impact the Group's relationships with tenants, authorities and other stakeholders.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

IV. Environmental and reputational risks

Reputational risk

The Group's ability to attract and retain tenants is to a certain extent dependent on its reputation and, consequently, the Group's business and earnings capacity are sensitive to risks relating to reputational damage. As an example, operational issues, maintenance problems or adverse media reporting, for example in relation to sustainability or legal compliance, could damage the Group's reputation. Damaged reputation may result in, for example, difficulties in attracting or retaining tenants or access to debt or other financing which could impair the Group's growth potential. In addition, penalties, negative publicity, negative rumours or other factors could impair the Group's reputation and lead to reduced competitiveness, take up management's time and resources as well as lead to other costs. Damage to the Group's reputation could lead to loss of income or loss of growth potential.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Environmental risks

Property management includes environmental risks, and the property industry accounts for a significant share of the society's energy consumption and generates large amounts of waste. The Group owns properties on which it has been established that pollutants or contamination may exist. A number of properties are also recorded in the database maintained by the municipalities regarding potentially contaminated sites (Sw. *EBH-portalen*). As property owner, claims in accordance with the Swedish Environmental Code, could be made against the Group under certain conditions. Such claims may involve soil remediation or reclamation relating to the presence or suspicion of contamination in soil, catchment areas or groundwater. There is a risk that the Group could be charged for the cost for soil remediation or reclamation, which could have a negative impact on the Group's financial position. Furthermore, in conjunction with property investments, there is a risk that the environmental analyses performed by the Group fail to identify or quantify the environmental risks correctly, which could result in unforeseen costs for decontamination or other remediation.

In addition to the above, amended or additional laws, regulations and requirements from authorities in the environmental area could result in increased costs for the Group with respect to sanitation or remediation regarding currently held or future acquired properties.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

V. Risks relating to the Group's financial situation

Interest rate risks

Other than equity, the Group's operations are mainly financed by loans from, among others, credit institutions and by way of outstanding market loans. Interest expenses are one of the Group's main cost items. Interest rate risk is described as the risk that changes in interest rates will affect the Group's interest expense. Interest expenses are mainly affected by, besides the extent of interest-bearing liabilities, the level of current market interest rates, credit institutions' margins and the Group's strategy regarding interest rate fixation periods. During 2024, the average interest rate was 5.1 per cent.

For instance, during 2022 and 2023, several of the world's central banks raised interest rates to address increasing inflation, which led to increased market interest rates affecting the Group. Nyfosa's profits decreased from SEK 3,112 million during 2021 to SEK 1,694 million during 2022, which was explained, among other things, by higher interest expenses.

As part of its management of interest rate risk, the Group utilises fixed-income derivatives, at present primarily interest rate caps and swaps. However, interest rates that do not reach the interest rate cap will impact on the Group's results. Considering the portfolio of derivatives, as of 31 December 2024, the estimated effect on annual interest expenses if STIBOR 3M, NIBOR 3M and EURIBOR 6M were to increase or decrease by 1 percentage point is SEK 73 million and SEK -81 million, respectively.

The Issuer considers that the probability that the risks described above would materialise to be medium. If the risks would materialise, the Issuer considers the potential negative impact to be high.

Changes in value of the Group's properties

The Group's property portfolio is reported at fair value (Sw. *verkligt värde*) in the balance sheet. Changes in value are reported in the profit and loss statement. The value of the properties is affected by, among others, supply and demand in the market. In addition, the value of properties is affected by property-specific factors such as vacancy rates, rent level and operating costs, and as well as market-specific factors, such as the required yield and the cost of capital, which are derived from comparable transactions in the property market. Since the valuation is based on multiple components that includes assumptions on future circumstances inter alia in relation to the vacancy rates and rent levels, an element of subjectivity is also included in the valuation of the Group's properties. Deterioration in property-specific and market-specific factors may lead to that the value of the Group's properties decrease. For instance, in 2023, the transaction activity in the property market was affected by macroeconomic uncertainty, higher inflation, rising interest rates and a cautious capital market, which resulted in an increase in the yield requirements for properties. Should the value of the properties decrease, it could result in a number of consequences, such as breaches of contractual terms and covenants in the Group's outstanding loans which in turn could result in such loans being accelerated prior to maturity. This could also result in more expensive borrowing and affect the liquidity of the Group. A material decrease of the market value of the properties would also have a negative impact on the Group's possibilities to dispose of its properties without incurring losses.

The Issuer considers that the probability that the risks described above would materialise to be low. If the risks would materialise, even if temporary, the Issuer considers the potential negative impact to be high.

Refinancing risk

The Group finances its assets, as part of its business, by way of equity, bank loan financing and market loans (corporate bonds). As of 31 December 2024 and 31 March 2025, the Issuer's equity amounted to SEK 18,582 million and SEK 18,505 million respectively and the interest-bearing liabilities of the Group amounted to SEK 21,366 million and SEK 20,870 million respectively.

The Issuer will from time to time have to refinance its outstanding debt. The Issuer's ability to successfully refinance its outstanding debt is dependent upon the conditions of the capital markets, the loan market and the Group's financial position at such time. Adverse developments in the credit markets and other future adverse developments, such as the further deterioration of the overall financial markets or a worsening of general economic conditions, could have a material adverse effect on the Group's ability to borrow funds as well as the cost and other terms of funding. Accordingly, the Group's financial costs could be higher and/or the refinancing possibilities could be limited or non-existent when debt owed by the Group falls due (including the Bonds) and need to be refinanced. This in turn could affect the Group's liquidity and consequently affect the possibility to repay debt as it falls due and which, in turn, may have a negative effect on the Group's financial position.

The Issuer considers that the probability that the risks described above would materialise to be medium. If the risks would materialise, the Issuer considers the potential negative impact to be high.

Risks relating to covenants in financing agreements

The Group has incurred, and may in the future incur additional, indebtedness. The loan agreements entered into by the Group contain certain financial covenants, such as maintaining a certain interest-coverage ratio, loan-to-value ratio and a minimum property portfolio size in the Group and restrictions relating to dividend payments in the Group's subsidiaries. Certain loan agreements entered into by the Group also contain change of control provisions. Furthermore, certain loan agreements contain cross-default provisions which means that default under one loan would trigger a default in another and such loan agreements may thus be terminated and due for immediate repayment. Security provided under any such loans could be enforced by the credit institution(s) concerned which would disrupt the Group's operations.

Some of the Group's credit arrangements contain provisions that restrict the possibility to pay dividends or incur or extend certain financial indebtedness. There is a risk that such provisions restrict the possibilities to move and obtain funds within and to the Group and thus, impede the execution of scheduled acquisitions, renovations or other forms of maintenance of the Group's properties. If the Group's properties cannot be renovated as scheduled or if certain transactions cannot be executed as a result of inadequate financing, this could have a material adverse effect on the Group's operations resulting in lower earnings.

The Issuer considers that the probability of the above risks occurring is low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

RISK FACTORS SPECIFIC AND MATERIAL TO THE BONDS

I. Risks relating to the nature of the Bonds

Interest rate risks and benchmarks

The Bonds' value depends on several factors, one of the more significant over time being the level of market interest. The Bonds bear a floating rate interest of STIBOR plus a certain margin and the interest rate is therefore adjusted according to changes in the level of the general interest rate. Hence, there is a risk that increased general interest rate levels significantly affect the market value of the Bonds.

The determining interest rate benchmarks, such as STIBOR has been subject to regulatory changes, such as the Benchmarks Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial and contracts or to measure the performance of investment funds), amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014, (the "BMR"). The implementation of the BMR will lead to that certain previously used benchmarks will be discontinued, leading to that, among others, existing financing arrangements may need to be renegotiated or terminated. There is a risk that also STIBOR will be discontinued, or that alternative benchmark rates will dominate market practice, leading to uncertainties in relation to the interest rate payable in relation to the Bonds. Increased or altered regulatory requirements and risks associated with the BMR (as amended) involve inherent risks as the effects cannot be fully assessed at this point in time. There is a risk that developments in relation to STIBOR cause volatility in STIBOR, which would affect the interest rate for the Bonds.

The Issuer considers that the probability that the risks described above would materialise to be medium. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Insolvency of subsidiaries and structural subordination

The Issuer is dependent upon receipt of sufficient income, dividends and other distributions from the Issuer's subsidiaries in order for the Issuer to make payments under the Bonds. Furthermore, the ability of the Issuer's subsidiaries to make such payments to the Issuer is subject to, among others, the availability of funds as well as corporate and legal restrictions. In the event of insolvency, liquidation or a similar event relating to one or several of the Issuer's subsidiaries, all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before the Issuer, as a shareholder, would be entitled to any payments. Thus, the Bonds are structurally subordinated to the liabilities of such subsidiaries. Defaults by, or the insolvency of, certain subsidiaries of the Issuer may result in the obligation for the Issuer to make payments under financial or performance guarantees in respect of such subsidiaries' obligations or the occurrence of cross defaults on certain borrowings of the Group. There is a risk that the Issuer and its assets would not be protected from actions by the creditors of a subsidiary, whether under bankruptcy law, by contract or otherwise. If such risk would materialise, it could have a material negative impact on the Issuer's financial position and on the holders' of the Bonds recovery under the Bonds.

In addition to the indebtedness incurred under the Bonds, the Group has the ability to incur further indebtedness, e.g. the Issuer has and may incur debt to credit institutions. In addition, the Issuer and its subsidiaries may provide security for such financial indebtedness as permitted under the terms and conditions for the Bonds (the "**Terms and Conditions**"). Incurring such additional indebtedness and the provision of security may reduce the amount (if any) recoverable by the holders if the Issuer is subject to any dissolution, winding-up, liquidation, restructuring (Sw. *företagsrekonstruktion*), administrative or other bankruptcy or insolvency proceedings.

The Issuer considers that the probability that the risk described above would materialise to be low. If the risk would materialise, the Issuer considers the potential negative impact to be medium.

Unsecured obligations

The Bonds represent unsecured debt obligations of the Issuer. This means that if the Issuer is subject to any dissolution, winding-up, liquidation, restructuring (Sw. *företagsrekonstruktion*), administrative or other bankruptcy or insolvency proceedings, the holders of the Bonds receive payment after any priority creditors have been paid in full. As a result, there is a risk that the holders of the Bonds will not recover any or all of their investment. Each investor should therefore be aware of that an investment in the Bonds entails a risk that the investor loses all or part of its investment if the Issuer becomes liquidated, bankrupt, insolvent, carries out a restructuring or is wound-up.

The Issuer considers that the probability that the risk described above would materialise to be low. If the risk would materialise, the Issuer considers the potential negative impact to be medium.

Credit risks

An investment in the Bonds includes a credit risk in relation to the Group. Credit risk entails the possibility of loss due to a borrower's defaulting on a loan or not meeting contractual obligations. The holders' of the Bonds ability to receive payment under the Terms and Conditions is dependent upon the Issuer's and the Group's ability to meet its payment obligations, which, in turn, is dependent upon the performance of the Group's operations and its financial position. The Group's financial position is affected by several factors, a number of which have been discussed herein. An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would have an adverse effect on the value of the Bonds. Another aspect of the credit risk is that any deterioration in the financial position of the Group may entail a lower credit-worthiness and the possibility for the Group to receive financing may be impaired when the Bonds mature.

The Issuer considers that the probability that the risk described above would materialise to be low. If the risk would materialise, the Issuer considers the potential negative impact to be medium.

II. Risks relating to the admission of the Bonds to trading on a regulated market and in relation to the green finance framework

Liquidity risks and secondary market

The Issuer has undertaken to ensure that the Bonds are admitted to trading on the sustainable bond list of Nasdaq Stockholm, or, if such admission to trading is not possible to obtain or maintain, admitted to trading on any other regulated market (as defined in Directive 2014/65/EU) within certain stipulated time periods, as defined in the Terms and Conditions, and the failure to do so provides each of the holders of the Bonds with a right of prepayment (put option) of its Bonds. Such failure may also result in the termination and acceleration of the Bonds due to an Event of Default (as defined in the Terms and Conditions).

There is a risk that the Bonds will not be admitted to trading within the stipulated timeframe, or at all, and that the Issuer will not be able to maintain the admission to trading of its Bonds. Even if the Bonds are admitted to trading, active trading in the securities may not always occur and thus, there is a risk that there will not be a liquid market for trading in the Bonds or that this market will be maintained. Considering particularly that the Bonds are traded over-the-counter (OTC), there is a risk for smaller volume of trades. If a liquid market for trading in the Bonds will not exist or not be maintained, this may result in that the holder of the Bonds cannot sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market.

Furthermore, if the Issuer fails to procure listing in time, investors holding Bonds on an investment savings account (Sw. *ISK or IS-konto*) will no longer be able to hold the Bonds on such account, thus affecting such investor's tax situation significantly.

It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The Issuer considers that the probability that the risk described above would materialise to be low. If the risk would materialise, the Issuer considers the potential negative impact as medium.

Risks related to the labelling of the Bonds

The Issuer intends to use the proceeds of the issue of the Bonds and any Subsequent Bonds in accordance with the Issuer's green finance framework (the "**Green Finance Framework**") in force as at the relevant Issue Date, and which is based on the Green Bond Principles issued by the International Capital Markets Association. As there is no unequivocal definition of, legal or otherwise, or market consensus as to what constitutes a "green" or an equivalently-labelled project, there is a risk that any projects, asset or uses defined in the Green Finance Framework will not meet current or future investor expectations regarding such "green" or other equivalently-labelled performance objectives. Furthermore, future developments from regulatory initiatives regarding the definition of "green" and the standards for green capital markets instruments, such as Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "**Taxonomy Regulation**") and the Regulation (EU) 2023/2631 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds (the "EU Green Bond Standard"), may render the eligible projects for the Bonds, as described in the Green Finance Framework, obsolete or otherwise not in line with regulatory standards. This could lead to present or future investor expectations or requirements as regards any investment criteria or guidelines whether according to applicable law or regulations or by such investor's own by-laws, governing rules or investment portfolio mandates cannot be satisfied. Furthermore, the fact the EU Green Bond Standard requires that the use of proceeds are aligned with the Taxonomy Regulation could result in also the unregulated green bond market moving towards alignment with the Taxonomy Regulation. Consequently, and since the net proceeds from the Bonds will not explicitly (but could be) used in alignment with the Taxonomy Regulation, it cannot be excluded that the Bonds will not meet current or future investor expectations or requirements with respect to "green" or an equivalently-labelled projects. Due to the rapidly changing market conditions for green securities, including any risks of greenwashing, there is a risk that current or future investor expectations will not be met which could negatively affect the secondary trading of the Bonds. Furthermore, a failure to apply the proceeds in accordance with the Green Finance Framework could result in investors being in breach of investment criteria or guidelines with which an investor is required to comply which could result in remedies under the relevant investment criteria or guidelines, leading to claims or reputational damage.

The Issuer has appointed ISS Corporate Solutions ("**ISS-Corporate**") for an independent, research-based evaluation of the Issuer's Green Finance Framework which has resulted in a second party opinion dated April 2024 (the "**Second Party Opinion**"). ISS-Corporate is neither responsible for how the Green Finance Framework is implemented and followed up by investors, authorities (as applicable) or other stakeholders, nor is ISS-Corporate responsible for the outcome of the investments described in the Green Finance Framework. There is a risk that the suitability or reliability of the Second Party Opinion is challenged by the Issuer, a potential investor, a holder, or any third party. Furthermore, whilst there are regulatory developments ongoing, ISS-Corporate is currently not subject to any regulatory regime or oversight and there is a risk that such providers will be deemed as not being reliable or objective in the future.

As the market conditions for green bonds is rapidly changing, there is a risk that current or future investor expectations will not be met which could negatively affect the secondary trading of the Bonds. This could

lead to holders being unable to trade its Bonds at attractive terms, or at all, or that any possession of Bonds is connected to reputational damage.

The Issuer considers that the probability of the Issuer facing adverse effects relating to the labelling of the Bonds as “green” is low. If the effects would materialise, the Issuer considers the potential negative impact as medium.

Risks related to the allocation of funds in accordance with the Green Finance Framework

There is a risk that the net proceeds from the Bonds and any Subsequent Bonds issued in accordance with the Issuer’s Green Finance Framework may only partly or not at all be used to finance or refinance projects that fulfil the conditions under the Green Finance Framework due to circumstances beyond the Issuer’s control. For example, whereas net proceeds may be used to finance renewable energy projects, there is a risk that the Issuer’s customers will not seek such financing. There is also a risk that the net proceeds may only partially or not at all achieve the environmental benefits or sustainability goals that have motivated the investment, which could risk impairing the Issuer’s reputation and contradicting the purpose of an investment in Bonds and any Subsequent Bonds issued in accordance with the Issuer’s Green Finance Framework.

The Issuer considers that the probability that the risk described above would materialise to be low. If the risk would materialise, the Issuer considers the potential negative impact as low.

THE BUSINESS AND HISTORIC DEVELOPMENTS

Nyfosa is a cashflow driven property company with an opportunistic approach where transactions are an important part of the business. The Issuer’s business concept is based on an active participation in the Swedish, Finnish and Norwegian transaction market with intention to grow and strengthen cashflow over time. The investment strategy can be flexible to the property market, meaning it is not limited by property category, region, scope of the transaction or holding period. A flexible investment strategy and an efficient and near-to-market organisation with documented transaction know-how and experience from assessing and evaluating risks provide Nyfosa with a solid foundation for creating and completing investments in properties or property portfolios. The issuer’s aim is to create a diversified portfolio that creates growing cashflow over time.

The emphasis is on identifying values, assessing the development potential and leveraging business opportunities with focus on high-yielding properties, primarily commercial. Nyfosa’s method of conducting property transactions and developing and adding value to properties creates a property portfolio with the potential to generate high and stable return. As of 31 March 2025, the value of Nyfosa’s property portfolio corresponded to approximately SEK 38,825 million and a rental value of SEK 3,868 million with a leasable area of approximately 2,904 thousand sqm comprised a diversified portfolio with mainly offices but also logistics, warehouses and low-price retail properties mostly located in growth municipalities in Sweden and Finland. In addition to Nyfosa’s wholly owned property portfolio, Nyfosa also owns shares in a joint venture, including 50 per cent of the shares in the property company Söderport, which on the same date had a property portfolio valued at SEK 14,838 million (Nyfosa’s share of the property value amounts to SEK 7,419 million).

In connection with incurrence of these credits, the Issuer and other companies within the Group have provided guarantees and indemnification arrangements, signed a subordination agreement and pledged collateral to lenders. The majority of the agreements also contain undertakings to meet certain key financial data criteria (such as interest-coverage ratio, loan-to-value ratio and minimum portfolio value). The SFSA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. The SFSA’s approval should not be considered as an endorsement of the Issuer that is the subject of this Prospectus.

Investors should make their own assessment as to the suitability of investing in the Bonds.

AUTHORISATIONS AND RESPONSIBILITY

The Issuer has obtained all necessary resolutions, authorisations and approvals required in conjunction with the Bonds and the performance of its obligations relating thereto. The issuance of the Bonds has been authorised by resolution by the board of directors of the Issuer on 30 May 2025.

The Issuer accepts responsibility for the information contained in this Prospectus and declares that, to the best of its knowledge, the information contained in this Prospectus is in accordance with the facts and the Prospectus makes no omission likely to affect its import. The board of directors of the Issuer is, to the extent provided by law, responsible for the information contained in this Prospectus.

INTEREST OF NATURAL AND LEGAL PERSONS INVOLVED IN THE BOND ISSUE

The Joint Bookrunners have engaged in, and may in the future engage in, investment banking and/or commercial banking or other services for the Group in the ordinary course of business. Therefore, conflicts of interest may exist or may arise as a result of the Joint Bookrunners having previously engaged, or in the future engaging, in transactions with other parties, having multiple roles or carrying out other transactions for third parties with conflicting interests.

INFORMATION ABOUT THE ISSUER’S GREEN FINANCE FRAMEWORK

The Issuer has established a framework for green financing that creates the conditions for issuing green capital market instruments, including bonds, the “**Green Finance Framework**”. The Green Finance Framework has been developed in alignment with the ICMA Green Bond Principles from 2021 (“**GBP**”) and the LMA/LSTA/APLMA Green Loan Principles from 2023 (“**GLP**”). The Green Finance Framework follows five components: (i) use of proceeds, (ii) process for project evaluation and selection, (iii) management of proceeds, (iv) reporting, and (v) external review. The Green Finance Framework is applicable to the arrangement of green instruments such as bonds, loans, revolving credit facilities, hybrid bonds, and commercial papers (collectively referred to as “**Green Finance Instruments**” hereafter).

An amount equivalent to the net proceeds from the Issuer’s Green Finance Instruments shall be used to finance or refinance, in whole or in part, a portfolio of assets (“**Eligible Projects**”) located in any of the geographies where the Issuer has its presence. The Eligible Projects are categorised as *green buildings* (i.e., new buildings, existing buildings, and major renovations), *energy efficiency* (i.e., energy retrofits such as installation of onsite solar panels, converting to LED lighting, heat pumps, improvements in ventilation systems, extension of district heating and, cooling systems, installation of infrastructure for electric cars), or *climate change adaptation* (i.e., investments leading to more resilient

societies such as construction of local dams or other climate adaptation measures in buildings, e.g., stormwater management). The net proceeds of the Issuer's Green Finance Instruments will not be used to finance fossil energy production, nuclear energy generation, potentially scarce resource extraction (such as rare-earth elements) or fossil fuels, gambling, or tobacco.

Net proceeds from the Issuer's Green Finance Instruments will be managed and tracked by using a spreadsheet where all arranged amounts of Green Finance Instruments will be inserted. The spreadsheet will also contain the list of Eligible Projects. The information available in the spreadsheet (allocation and impact) will in turn serve as basis for regular reporting and will be verified by an external party. All Green Finance Instruments arranged by the Issuer will be managed on a portfolio level. This means that a Green Finance Instrument will not be linked directly to one (or more) pre-determined Eligible Projects. The Issuer will keep track and ensure there are sufficient Eligible Projects in the portfolio. Projects can, whenever needed, be removed, or added to/from the Eligible Project portfolio.

The Issuer will commit to, on a best-effort basis, allocate the net proceeds from the Green Finance Instruments to Eligible Projects within 18 months from the arrangement date of the instruments. Unallocated net proceeds may temporarily be placed in line with the liquidity reserve or any other treasury business and managed accordingly by the Issuer. The Head of Finance will be responsible for the management of proceeds.

The evaluation and selection process for Eligible Projects ensures that the net proceeds from Green Finance Instruments are allocated to projects and expenditures which meet the criteria in the Green Finance Framework. The environmental objectives of the Eligible Projects are well-aligned with the Issuer's overall sustainability strategy including sustainability targets which relate to minimising the operation's carbon emissions, streamlined energy consumption, and increasing the number of environmentally certified buildings. The Green Finance Committee ("GFC"), which consists of the Technical/Sustainability Manager, the Head of Finance and the CFO, is responsible for the evaluation and selection of Eligible Projects. The GFC convenes at least annually, and all decisions are made by consensus.

To ensure transparency towards investors and other stakeholders, the Issuer provides an investor report. The investor report includes an allocation report and an impact report and will be published annually until full allocation and in the event of any material developments, as long as there are net proceeds from Green Finance Instruments outstanding not yet allocated in accordance with the Green Finance Framework. Furthermore, to confirm the robustness and alignment of the Issuer's Green Finance Framework with GBP and GLP, it has been verified and approved by an external second-party opinion provider, ISS Corporate Solutions. The second-party opinion by ISS Corporate Solutions, the investor report and the Green Finance Framework are available on the Issuer's website, <https://nyfosa.se/en/about-nyfosa/sustainability/framework-for-green-financing/>.

In this Clause 11:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

"Base Rate Amendments" has the meaning set forth in Clause 11.3.4.

"Base Rate Event" means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;
- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Holder using the

applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);

- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*) containing the information referred to in (b) above; or,

- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.
- (c) For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply mutatis mutandis to such new Successor Base Rate.

11.3 Determination of Base Rate, Adjustment Spread and Base Rate Amendments

11.3.1 Without prejudice to Clause 11.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer's expense appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 11.3.2.

11.3.2 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating, and finally deciding the applicable Base Rate.

11.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 11.3.2, the Holders shall, if so decided at a Holders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause

11.3.2. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 11.3 to 11.6, the Agent (acting on the instructions of the Holders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.

11.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").

11.3.5 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.

11.4 Interim measures

11.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:

- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
- (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.

- (e) Insolvency proceedings: Any corporate action, legal proceedings or other procedures are taken (other than (i) proceedings or petitions which are being disputed in good faith and are discharged, stayed or dismissed within thirty (30) calendar days of commencement or, if earlier, the date on which it is advertised and (ii), in relation to the Subsidiaries, solvent liquidations) in relation to:

15.2 The Agent may not terminate the Bonds in accordance with Clause 15.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently). However, if a moratorium occurs, the ending of that moratorium will not prevent termination for payment prematurely on the ground mentioned under Clause 15.1(d) (*Insolvency*).

15.3 If the right to terminate the Bonds is based upon a decision of a court of law or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of termination to be deemed to exist.

- 15.4 The Issuer is obliged to inform the Agent immediately if any circumstance of the type specified in Clause 15.1 should occur. Should the Agent not receive such information, the Agent is entitled to assume that no such circumstance exists or can be expected to occur, provided that the Agent does not have knowledge of such circumstance. The Agent is under no obligations to make any investigations relating to the circumstances specified in Clause 15.1. The Issuer shall further, at the request of the Agent, provide the Agent with details of any circumstances referred to in Clause 15.1 and provide the Agent with all documents that may be of significance for the application of this Clause 15.
- 15.5 The Issuer is only obliged to inform the Agent according to Clause 15.4 if informing the Agent would not conflict with any statute or the Issuer's registration contract with Nasdaq Stockholm or any other Regulated Market or recognised unregulated market place on which the Issuer's securities from time to time are listed. If such a conflict would exist pursuant to such listing contract or otherwise, the Issuer shall however be obliged to either seek the approval from the relevant marketplace or undertake other reasonable measures, including entering into a non-disclosure agreement with the Agent, in order to be able to timely inform the Agent according to Clause 15.4.
- 15.6 If the Agent has been notified by the Issuer or has otherwise determined that there is a default under these Terms and Conditions according to Clause 15.1, the Agent shall (i) notify, within five (5) Business Days of the day of notification or determination, the Holders of the default and (ii) decide, within twenty (20) Business Days of the day of notification or determination, if the Bonds shall be declared terminated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Holders that there exists a right of termination and obtain instructions from the Holders according to the provisions in Clause 17 (*Decisions by Holders*). If the Holders vote in favour of termination and instruct the Agent to terminate the Bonds, the Agent shall promptly declare the Bonds terminated. However, if the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Holders that the cause for termination has ceased. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 15.7 If the Holders, without any prior initiative to decision from the Agent or the Issuer, have made a decision regarding termination in accordance with Clause 17 (*Decisions by Holders*), the Agent shall promptly declare the Bonds terminated.
- 15.8 If the Bonds are declared due and payable in accordance with the provisions in this Clause 15, the Agent shall take every reasonable measure necessary to recover the amounts outstanding under the Bonds.

16.1 If the Bonds have been declared due and payable in accordance with Clause 15 (*Termination of the Bonds*), all payments by the Issuer relating to the Bonds shall be distributed in the following order of priority, in accordance with the instructions of the Agent:

- (a) *first*, in or towards payment pro rata of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent, (ii) other costs, expenses and indemnities relating to the termination of the Bonds or the protection of the Holders' rights, (iii) any non-reimbursed costs incurred by the Agent for external experts, and (iv) any non-reimbursed costs and expenses incurred by the Agent in relation to a Holders' Meeting or a Written Procedure;

- (d) *fourthly*, in or towards payment pro rata of any other costs or outstanding amounts unpaid under these Terms and Conditions.

Any excess funds after the application of proceeds in accordance with items (a) to (d) above shall be paid to the Issuer. The application of proceeds in accordance with items (a) to (d) above shall, however, not restrict a Holders' Meeting or a Written Procedure from resolving that accrued Interest (whether overdue or not) shall be reduced without a corresponding reduction of principal.

16.2 If a Holder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 16.1, such Holder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 16.1.

16.3 Funds that the Agent receives (directly or indirectly) in connection with the termination of the Bonds constitute escrow funds (*Sw. redovisningsmedel*) according to the Escrow Funds Act (*Sw. lag (1944:181) om redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Holders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 16 as soon as reasonably practicable.

16.4 If the Issuer or the Agent shall make any payment under this Clause 16, the Issuer or the Agent, as applicable, shall notify the Holders of any such payment at least fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 9.1 shall apply.

17.3 The Agent may refrain from convening a Holders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any Person in addition to the Holders and such Person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.

17.4 Only a Person who is, or who has been provided with a power of attorney or other proof of authorisation pursuant to Clause 8 (*Right to act on behalf of a Holder*) from a Person who is, registered as a Holder:

- (e) amend the provisions in this Clause 17.5 or Clause 17.6.

17.6 Any matter not covered by Clause 17.5 shall require the consent of Holders representing more than fifty (50.00) per cent. of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 19.3. This includes, but is not limited to, any amendment to or waiver of these Terms and Conditions that does not require a higher majority (other than an amendment or waiver permitted pursuant to Clause 20.1 (a), (b) or (c)) or a termination of the Bonds.

17.7 Quorum at a Holders' Meeting or in respect of a Written Procedure only exists if a Holder (or Holders) representing at least at least twenty (20.00) per cent. of the Adjusted Nominal Amount in respect of matters set out in Clause 17.5 and Clause 17.6 above:

- (a) if at a Holders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or

- (b) if in respect of a Written Procedure, reply to the request.
- 17.8 If a quorum does not exist at a Holders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Holders' Meeting (in accordance with Clause 18.1) or initiate a second Written Procedure (in accordance with Clause 19.1), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Holders' consent. The quorum requirement in Clause 17.7 shall not apply to such second Holders' Meeting or Written Procedure.
- 17.9 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under these Terms and Conditions and the Agent Agreement shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 17.10 A Holder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 17.11 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Holders that consent at the relevant Holders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 17.12 A matter decided at a duly convened and held Holders' Meeting or by way of Written Procedure is binding on all Holders, irrespective of them being present or represented at the Holders' Meeting or responding in the Written Procedure. The Holders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Holders.
- 17.13 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Holders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 17.14 If a decision shall be taken by the Holders on a matter relating to these Terms and Conditions, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Bond is owned by a Group Company or an Affiliate of a Group Company.
- 17.15 Information about decisions taken at a Holders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Holders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Holders' Meeting or Written Procedure shall at the request of a Holder be sent to it by the Issuer or the Agent, as applicable.

18 HOLDERS' MEETING

- 18.1 The Agent shall convene a Holders' Meeting by sending a notice thereof to each Holder no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons). If the Holders' Meeting has been requested by the Holder(s), the Agent shall send a copy of the notice to the Issuer.

- 18.2 Should the Issuer want to replace the Agent, it may convene a Holders' Meeting in accordance with Clause 18.1 with a copy to the Agent. After a request from the Holders pursuant to Clause 21.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Holders' Meeting in accordance with Clause 18.1.
- 18.3 The notice pursuant to Clause 18.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) agenda for the meeting (including each request for a decision by the Holders) and (iv) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the Holders' Meeting. Should prior notification by the Holders be required in order to attend the Holders' Meeting, such requirement shall be included in the notice.
- 18.4 The Holders' Meeting shall be held no earlier than ten (10) Business Days and no later than twenty (20) Business Days from the notice.
- 18.5 If the Agent, in breach of these Terms and Conditions, has not convened a Holders' Meeting within five (5) Business Days after having received such notice, the requesting Person may convene the Holders' Meeting itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD and, if no Person to open the Holders' Meeting has been appointed by the Agent, the meeting shall be opened by a Person appointed by the requesting Person.
- 18.6 At a Holders' Meeting, the Issuer, the Holders (or the Holders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Holders' Meeting. The Holders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' Meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.
- 18.7 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Holders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Holders to vote without attending the meeting in person.

19 WRITTEN PROCEDURE

- 19.1 The Agent shall instigate a Written Procedure no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Holder on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Holder(s), the Agent shall send a copy of the communication to the Issuer.
- 19.2 Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 19.1 to each Holder with a copy to the Agent.
- 19.3 A communication pursuant to Clause 19.1 shall include (i) each request for a decision by the Holders, (ii) a description of the reasons for each request, (iii) a specification of the Business Day on which a Person must be registered as a Holder in order to be entitled to exercise voting rights (such Business Day not to fall earlier than the effective date of the communication pursuant to Clause 19.1), (iv) instructions and directions on where to receive a form for replying

to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (v) the stipulated time period within which the Holder must reply to the request (such time period to last at least ten (10) Business Days but not more than twenty (20) Business Days from the communication pursuant to Clause 19.1). If the voting shall be made electronically, instructions for such voting shall be included in the communication.

- 19.4 If the Agent, in breach of these Terms and Conditions, has not instigated a Written Procedure within five (5) Business Days after having received such notice, the requesting Person may instigate a Written Procedure itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD.
- 19.5 When the requisite majority consents of the total Adjusted Nominal Amount pursuant to Clauses 17.5 and 17.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 17.5 or 17.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

20 AMENDMENTS AND WAIVERS

- 20.1 The Issuer and the Agent (acting on behalf of the Holders) may agree in writing to amend these Terms and Conditions or waive any provision in these Terms and Conditions, provided that:
- (a) the Agent is satisfied that such amendment or waiver is not detrimental to the interest of the Holders, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - (b) such amendment or waiver is required by any applicable regulation, a court ruling or a decision by a relevant authority;
 - (c) such amendment or waiver is necessary for the purpose of having the Bonds admitted to trading on the sustainable bond list of Nasdaq Stockholm (or any other Regulated Market, as applicable) provided such amendment or waiver does not materially adversely affect the rights of the Holders;
 - (d) such amendment is made in accordance with Clause 11.3 as a result of a Base Rate Event; or
 - (e) such amendment or waiver has been duly approved by the Holders in accordance with Clause 17 (*Decisions by Holders*).
- 20.2 The consent of the Holders is not necessary to approve the particular form of any amendment or waiver to these Terms and Conditions. It is sufficient if such consent approves the substance of the amendment or waiver.
- 20.3 The Agent shall promptly notify the Holders of any amendments or waivers made in accordance with Clause 20.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to these Terms and Conditions are available on the websites of the Issuer and the Agent. The Issuer shall ensure that any amendments to these Terms and Conditions are duly registered with the CSD and each other relevant organisation or authority.
- 20.4 An amendment or waiver to these Terms and Conditions shall take effect on the date determined by the Holders' Meeting, in the Written Procedure or by the Agent, as the case may be.

21 APPOINTMENT AND REPLACEMENT OF THE AGENT

21.1 Appointment of Agent

- 21.1.1 By subscribing for Bonds, each initial Holder appoints the Agent to act as its agent in all matters relating to the Bonds and these Terms and Conditions, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Holder, including the winding-up, dissolution, liquidation, administration, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Bonds, each subsequent Holder confirms such appointment and authorisation for the Agent to act on its behalf.
- 21.1.2 Each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), as the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions. The Agent is under no obligation to represent a Holder which does not comply with such request.
- 21.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions and the Agent Agreement.
- 21.1.4 The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in these Terms and Conditions and the Agent Agreement, and the Agent's obligations as agent under these Terms and Conditions and the Agent Agreement are conditioned upon the due payment of such fees and indemnifications.
- 21.1.5 The Agent may act as agent for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

21.2 Duties of the Agent

- 21.2.1 The Agent shall represent the Holders in accordance with these Terms and Conditions. However, the Agent is not responsible for the execution or enforceability of these Terms and Conditions. The Agent shall keep the latest version of these Terms and Conditions (including any document amending these Terms and Conditions) available on the website of the Agent.
- 21.2.2 The Agent may assume that the documentation, information and evidence delivered to it is accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation. The Agent does not review the documents and evidence referred to above from a legal or commercial perspective of the Holders.
- 21.2.3 Upon request by a Holder, the Agent shall promptly distribute to the Holders any information from such Holder which relates to the Bonds (at the discretion of the Agent).
- 21.2.4 The Agent may require that the requesting Holder reimburses any costs or expenses incurred, or to be incurred, by the Agent in doing so (including a reasonable fee for the work of the Agent) before any such information is distributed. The Agent shall upon request by a Holder disclose the identity of any other Holder who has consented to the Agent in doing so.
- 21.2.5 When acting in accordance with these Terms and Conditions, the Agent is always acting with binding effect on behalf of the Holders. The Agent shall carry out its duties under these Terms

and Conditions in a reasonable, proficient and professional manner, with reasonable care and skill.

- 21.2.6 The Agent is always entitled to delegate its duties to other professional parties without having to first obtain any consent from the Issuer or the Holders, but the Agent shall remain liable for the actions of such parties under these Terms and Conditions.
- 21.2.7 The Agent shall treat all Holders equally and, when acting pursuant to these Terms and Conditions, act with regard only to the interests of the Holders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other Person, other than as explicitly stated in these Terms and Conditions and the Agent Agreement.
- 21.2.8 The Agent shall be entitled to disclose to the Holders any event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Agent may if it considers it to be beneficial to the interests of the Holders delay disclosure or refrain from disclosing certain information other than in respect of an Event of Default that has occurred and is continuing.
- 21.2.9 The Agent is entitled to engage external experts when carrying out its duties under these Terms and Conditions. The Issuer shall on demand by the Agent pay all reasonable costs for external experts engaged (i) after the occurrence of an Event of Default, (ii) for the purpose of investigating or considering an event which the Agent reasonably believes is or may lead to an Event of Default or a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Holders under these Terms and Conditions or (iii) when the Agent is to make a determination under these Terms and Conditions. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under these Terms and Conditions shall be distributed in accordance with Clause 16 (Distribution of proceeds).
- 21.2.10 The Agent shall enter into agreements with the CSD, and comply with such agreement and the CSD regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under these Terms and Conditions.
- 21.2.11 The Agent is not obligated to assess or monitor the financial condition of the Issuer or compliance by the Issuer of these Terms and Conditions, or to take any steps to ascertain whether any Event of Default has occurred. Until it has actual knowledge to the contrary, the Agent is entitled to assume that no Event of Default has occurred.
- 21.2.12 Notwithstanding any other provision of these Terms and Conditions to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 21.2.13 The Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent only acts in accordance with these Terms and Conditions and upon instructions from the Holders, unless otherwise set out in these Terms and Conditions. In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Holders or any other person.
- 21.2.14 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Holders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.

21.2.15 The Agent shall give a notice to the Holders (i) before it ceases to perform its obligations under these Terms and Conditions by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under these Terms and Conditions or the Agent Agreement, or (ii) if it refrains from acting for any reason described in Clause 21.2.12.

21.3 Limited liability for the Agent

21.3.1 The Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect loss.

21.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Holders to delay the action in order to first obtain instructions from the Holders.

21.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to these Terms and Conditions to be paid by the Agent to the Holders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.

21.3.4 The Agent shall have no liability to the Holders for damage caused by the Agent acting in accordance with instructions of the Holders given in accordance with Clause 17 (*Decisions by Holders*) or a demand by Holders given pursuant to Clause 15.1.

21.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, these Terms and Conditions shall not be subject to set-off against the obligations of the Issuer to the Holders under these Terms and Conditions.

21.3.6 The Agent is not liable for information provided to the Holders by or on behalf of the Issuer.

21.4 Replacement of the Agent

21.4.1 Subject to Clause 21.4.6, the Agent may resign by giving notice to the Issuer and the Holders, in which case the Holders shall appoint a successor Agent at a Holders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.

21.4.2 Subject to Clause 21.4.6, if the Agent is insolvent or becomes subject to bankruptcy proceedings, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.

21.4.3 A Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a Person who is a Holder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Holders, be given by them jointly), require that a Holders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Holders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Holders that the Agent be dismissed and a new Agent appointed.

21.4.4 If the Holders have not appointed a successor Agent within ninety (90) calendar days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Holders, the Issuer shall appoint a successor

Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.

- 21.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under these Terms and Conditions and the Agent Agreement.
- 21.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 21.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of these Terms and Conditions but shall remain entitled to the benefit of these Terms and Conditions and remain liable under these Terms and Conditions in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Holders shall have the same rights and obligations amongst themselves under these Terms and Conditions as they would have had if such successor had been the original Agent.
- 21.4.8 In the event that there is a change of the Agent in accordance with this Clause 21.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under these Terms and Conditions and the Agent Agreement. Unless the Issuer and the new Agent agrees otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

22 APPOINTMENT AND REPLACEMENT OF THE ISSUING AGENT

- 22.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- 22.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is insolvent or becomes subject to bankruptcy proceedings, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.
- 22.3 The Issuing Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

23 APPOINTMENT AND REPLACEMENT OF THE CSD

- 23.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to the CSD.
- 23.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative

effect on any Holder or the listing of the Bonds listed on the sustainable bond list of Nasdaq Stockholm (or any other Regulated Market). The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Market Act (Sw. lag (2007:528) om värdepappersmarknaden).

24 NO DIRECT ACTIONS BY HOLDERS

- 24.1 A Holder may not take any action or take any legal steps whatsoever against the Issuer or a Subsidiary to enforce or recover any amount due or owing to it pursuant to these Terms and Conditions, or to initiate, support or procure the winding-up, dissolution, liquidation, administration, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer or a Subsidiary in relation to any of the liabilities of the Issuer under these Terms and Conditions. Such steps may only be taken by the Agent.
- 24.2 Clause 24.1 shall not apply if the Agent has been instructed by the Holders in accordance with these Terms and Conditions to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Holder to provide documents in accordance with Clause 21.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under these Terms and Conditions or the Agent Agreement or by any reason described in Clause 21.2.12, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 21.2.14 before a Holder may take any action referred to in Clause 24.1.
- 24.3 The provisions of Clause 24.1 shall not in any way limit an individual Holder's right to claim and enforce payments which are due to it under Clause 12.4 (Mandatory repurchase due to a Change of Control Event, De-listing Event or Listing Failure Event (put option)) or other payments which are due by the Issuer to some but not all Holders.

25 TIME-BAR

- 25.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of Interest (excluding any capitalised Interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Holders' right to receive payment has been time-barred and has become void.
- 25.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of Interest (excluding capitalised Interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

26.1.3 Failure to send a notice or other communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders.

26.2 Press releases

26.2.1 Any notice that the Issuer or the Agent shall send to the Holders pursuant to Clauses 11.5, 12.3, 12.4, 14.12.1 (vi), 15.6, 16.4, 17.15, 18.1, 19.1, 20.3, 21.2.14 and 21.4.1 shall also be published by way of press release by the Issuer or the Agent, as applicable.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Holders, the Agent shall be entitled to issue such press release.

27 FORCE MAJEURE AND LIMITATION OF LIABILITY

- 27.1 Neither the Agent nor the Issuing Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade or any other similar circumstance (a "**Force Majeure Event**"). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Issuing Agent itself takes such measures, or is subject to such measures.
- 27.2 The Issuing Agent shall have no liability to the Holders if it has observed reasonable care. The Issuing Agent shall never be responsible for indirect damage with exception of gross negligence and wilful misconduct.
- 27.3 Should a Force Majeure Event arise which prevents the Agent or the Issuing Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.
- 27.4 The provisions in this Clause 27 apply unless they are inconsistent with the provisions of the Central Securities Depositories and Financial Instruments Accounts Act which provisions shall take precedence.

28 ADMISSION TO TRADING
