RISK FACTORS

Investing in the Bonds involves inherent risks. A number of risk factors and uncertainties may adversely affect the Group. These risk factors include, but are not limited to, financial risks, technical risks, risks related to the business operations of the Group and regulatory risks. If any of these or other risks or uncertainties actually occurs, the business, operating results and financial condition of the Group could be materially and adversely affected, which could have a material adverse effect on the Group's ability to meet its obligations (including repayment of the principal amount and payment of interest) under the Bonds. Other risks not presently known to the Group and therefore not discussed herein, may also adversely affect the Group and adversely affect the price of the Bonds and the Group's ability to service its debt obligations. Prospective investors should consider carefully the information contained in this Prospectus and make an independent evaluation before making an investment decision.

As stated above, this Prospectus contains various forward-looking statements, including statements regarding the intent, opinion, belief or current expectations of the Group or its management with respect to, among other things, (i) the Group's target market, (ii) evaluation of the Group's markets, competition and competitive position, (iii) trends which may be expressed or implied by financial or other information or statements contained herein. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance and outcomes to be materially different from any future results, performance or outcomes expressed or implied by such forward-looking statements.

The risk factors below are not ranked in any specific order.

Market specific risks

Macroeconomic factors

The Group's business is subject to inherent risks arising from general and sector-specific economic conditions particularly those which adversely impact consumers' willingness to purchase lingerie and other apparel such as levels of disposable income, levels of consumer debt and access to consumer credit. A deterioration in economic conditions globally and in the markets in which the Group operates (particularly Russia and Germany which constitute the Group's most important markets) may have a material adverse effect on the Group's operations, earnings and financial position.

Political Risks

The Group is present in a large number of markets, meaning that the Group is subject to external risks, such as changes in the legal, economic and/or political climate in individual countries and regions. These changes can include new trade restrictions such as the embargo recently set by Russia on certain imports as well as from the sanctions imposed on Russia by the U.S. and European Union. Oil price-driven Russian ruble depreciation have previously had a negative impact on the textile industry, for which Russia remains an important market, and consequently the Group's ability to market and sell its products. The current embargos and sanctions do not include the Group's products. However, there is a risk that governments will in the future include the Group's products in the list of trade restrictions. Furthermore, some countries may try to use trade barriers, such as extensive review and testing of foreign products before it can be retailed, to protect their own producers from foreign competitors. If these risks materialise it would have a material adverse effect on the Group's operations, earnings and financial position.

Environmental, safety and regulatory risks.

Over the last years, the concern about the environmental impacts and safety of textiles, as well as occupational health and safety, has been growing. Legislation has been adapted on national and international level to address various issues from importing of fabrics to chemical analysis of the textile fibers and occupational environment. The Group may not be able to comply with all future applicable standards and regulatory requirements or the Group's interpretation of the current or future requirements may not conform with the interpretation of the relevant supervisory authorities. Any breach of environmental, health and safety regulations or other applicable requirements would have a material adverse effect on the Group's business, financial position and result of operation. Further, changing regulatory requirements typically result in limitations of operating flexibility, as well as additional costs and liabilities, which would also have a negative impact on the business, financial position and result of operation of the Group.

Group specific risks

Competitive landscape

Since both the lingerie market and the fabrics and lace market are increasingly competitive, the Group is constantly competing with local brands and large international corporations already present or entering into the markets in which the Group operates. While international brands are constantly expanding their activities, particularly in the premium segments of the lingerie market, low cost Eastern European and Asian producers are exerting competitive pressure in the lower market segments of the lingerie market and the fabrics and lace market. The Group's future possibilities to compete are, among other things, dependent upon the Group's ability to anticipate future market changes and trends, and to rapidly react on existing and future market needs, which may result in increased costs or require price reductions or changes of the Group's business model. Further, the Group operates on a market where some of its competitors are significantly larger than the Group and have greater financial resources than the Group. Increased competition from existing and new market participants as well as deteriorated competition possibilities would have a material adverse effect on the Group's operations, earnings and financial position.

Quality issues and negative publicity

As a consumer products company, the Group's success depends on its ability to maintain consumer confidence in the safety and quality of the products it sells. The Group's success also depends on its ability to maintain the brand image for existing concepts, build brand image for new concepts, and maintain its corporate reputation. If the Group fails to maintain high standards of product quality or fails in its marketing strategies, this would have an adverse effect on the Group's brand, operations, earnings or financial position.

Product safety or quality issues, actual or perceived, or allegations of any of the Group's products having caused adverse effects on a consumer, such as allergic reactions or other conditions, may lead to product liability claims against the Group or require the Group and/or its suppliers from time to time to recall a particular product from all of the markets in which the affected product was distributed. Such claims or recalls would adversely affect the Group's business and brand image. In addition, adverse publicity about these types of concerns may tarnish the image of the Group's brands and discourage consumers from buying the Group's products. Negative information or negative feedback from customers about the Group and its products, both founded and unfounded, can also spread rapidly through social media. Damage to the Group's reputation or loss of consumer confidence in its products would result in decreased demand for the Group's products and would have a material adverse effect on the Group's business, financial condition and results of operations, as well as require additional resources to rebuild the Group's reputation.

Consumer behaviour and sourcing of fashionable products

The market for, and sales of, the Group's products is sensitive to fashion trends and dependent upon that the design and creation of the Group's products are in line with current trends and that they appeal to end consumers. The Group is thus dependent upon its ability to source new fashionable products and maintain products that are well known and appeal to its end consumers. Further, consumers are increasingly aware of the environment and seek products that have been developed in an ethical and environmentally friendly way across the entire value chain. If the Group is unsuccessful in predicting and adapting to customer preferences, the willingness of end consumers to buy the Group's products may decrease which will have an adverse effect on the Group's sales, earnings and financial position

Insurance cover

The Group has insurance coverage, but there is a risk that the scope of the coverage will not cover all risks that materialise within the Group's business resulting in the total amount of the Group's losses not being compensated by the Group's insurances in case of damages. Further, certain types of losses are not able to insure and will, thus, not be covered by the Group's insurances. Hence, there is a risk that the Group will be required to pay for any losses, damages and liabilities out of its own funds leading to adverse effects on the Group's business, earnings or financial position.

Intellectual property risks

The Group is dependent upon its brands and marketing, protected mainly by a large number of registered trademarks in different jurisdictions, including the brand names "Lauma", "Lauma Fabrics", "Lauma International", "Lauma Medical", "Felina" and "Conturelle". The Company is however hindered from selling its products in the U.S. under the name "Felina" as another company has already registered the name in this jurisdiction. The Group sells its products in the US under the Conturelle trademark. Further, the name "Lauma" is also used by AS Lauma Lingerie, a company in the Silvano Fashion Group (listed on the Tallinn Stock Exchange). Although there are currently no disagreements between the Group and AS Lauma Lingerie or the holder of the Felina trademark in the US regarding the use of these trademarks, this may not always remain the case. If a dispute should occur it could be time consuming and costly to resolve and this would have an adverse effect on the Group's business and financial position.

Although the Group is actively working to protect its brands, names and domain names in the jurisdictions in which it operates there is a risk that competitors will infringe on the Group's intellectual property rights. In particular, the laws of certain countries outside the European Union may not protect intellectual property rights to the same extent as in Europe. Further, the Group may not be able to detect unauthorised use of their intellectual property rights in time or at all and will in that case not be able to protect its intellectual property rights from such infringement. Further, applications submitted for registration may not be approved by the relevant authorities, e.g. due to similarities with other registered intellectual property rights, and registrations that the Group do obtain may not be sufficient to prevent the infringement by others. This would have an adverse effect on the Group's business, earnings and financial position.

If required, the Group protects its intellectual property rights through legal action and the Group is currently involved in several disputes related to trademarks, where the Group acts as a claimant. For example, the Group has submitted appeals to relevant patent and trademark offices regarding the registration of trademarks similar to "Felina" and "Conturelle" by third parties. These as well as other disputes could be time consuming and should the outcome of such disputes be unfavourable for the Group, this would have a material adverse effect on the Group's business, earnings or financial position. To avoid becoming subject to such claims itself, the Group must also ensure not to infringe on the intellectual property rights of others, which becomes an increasingly difficult task as the Group's business grows. If this type of dispute should occur and be decided against the Group, this would have an adverse effect on the Group's business, earnings or financial position.

Key personnel and personnel costs

Competition for key personnel in the retail and manufacturing industry is intense and the Group is currently dependent upon a number of key employees who have been engaged in the Group for a long time. This personnel possesses comprehensive knowledge of the Group and local know-how which is particularly important with respect to CIS countries. If such key personnel leave the Group in the future, or take up employment with a competing business or if the Group fails to recruit new, qualified personnel to the extent that the Group requires, it would have a negative effect on the Group's operations, earnings and financial position.

Further, labour costs represent a significant share of the Group's expenses, and the Group's success depends on its ability to attract and retain qualified employees. Competition for qualified individuals or changes in labour and healthcare laws could result in that the Group incurs higher labour costs. Therefore, growing labour costs pose risks for maintaining product competitiveness with respect to prices. Additionally, labour costs influence the retail and manufacturing industry in general, which may have second hand impact on the Group's ability to sell its products. If these risks materialise it would have an adverse effect on the Group's operations, earnings and financial position.

Risks relating to changes in prices of raw material and energy

Since the prices of raw material or other inputs such as energy affect the costs of manufacturing the Group's products, there is a risk that future fluctuations in the prices of such inputs may cause the Group to adjust the prices of its products, which may result in a decline in demand for the Group's products, and/or that the Group will have to decrease its profit margins. Consequently, any material increases in the prices of raw material or other inputs would have an adverse effect on the Group's business, financial position and result of operation.

Risks related to suppliers

Since the manufacturing of lingerie products rests on the supply of quality materials it is highly dependent on suppliers and any disruption in the supply chain, such as delays, insufficient stock or loss of a supplier can have negative effects on the manufacturing process. Substitutes for the products of the Group's established suppliers (including matching colors and textures) for cases of disruption are hard to secure and the products of the Group might have to be re-developed based on alternative fabrics and other materials in the event of a loss of a key supplier. This requires substantial amount of resources and the newly developed products may not be equally successful as the replaced products or not successful at all. Hence, the loss of any key suppliers or temporary supply problems may have negative effects on the Group's output and sales which in turn would have adverse effects on the Group's business, financial position and result of operation.

Changes in distribution channels

The majority of the lingerie part of the Group derives its revenues from specialised shops, fashion boutiques and department stores. Due to the rapid development in internet sales in recent years along with the significant increase in the number of internet users, traditional shops are, however, gradually being replaced by online shopping. If the Group fails to adapt to this, for example by ensuring that its products are increasingly available online, it would have a material adverse effect on the Group's sales, earnings and financial position.

Automation risks

While the fabrics industry is highly automated, the production of garments is still heavily reliant on manual labor, particularly in sewing operations. It has so far proven nearly impossible to design and build a fully automated sewing machine, owing to the complexities of working with materials that lack rigidity. However, there are currently several companies that are developing automated sewing processes, and some have demonstrated working prototypes. Should such transformation occur, and

should the Group be unable to adapt to and take advantage of such transformation, this would lead to the Group being unable to compete successfully with its future competitors, which in turn would have a material adverse effect on the Group's operations, earnings and financial position.

Risks related to IT infrastructure

The information technology systems of the Group, as well as those of its service providers and suppliers, are vulnerable to damage from a variety of sources, including telecommunication failures, malicious acts and natural disasters. Moreover, despite network security measures, some of the Group's servers and those of its service providers and suppliers are potentially vulnerable to physical or electronic failures, computer viruses and similar disruptive problems. Since any malfunction can decrease output and sales considerably and cause transaction errors, loss of customers or loss of business opportunity it would have an adverse impact on the Group's operations, earnings and financial position. Additionally, these types of problems could result in a breach of confidential customer information which could result in damages to the Group's reputation and/or litigation which in turn would have an adverse effect on the Group's business, financial position and result of operation.

Volumes risks

Maintenance of the Group's factories and fixed overhead is costly with a high proportion of fixed costs meaning that the profitability depends on the volumes that the Group is able to produce and sell. Larger volumes cover the expenses of the factories and fixed overhead and increase the Group's profitability, while a drop in volumes will result in decreased profits or losses. As to the production of lingerie, the Group's production volume is currently close to full capacity in own production sites. Should the market share of the Group increase, its production volumes will likely be outsourced which incorporates certain risks related to quality control and time delivery which could lead to negative effects on the Group's business and brand image which in turn would adverse effects the Group's sales, earnings and financial position.

Further, if any of the Group's factories are damaged, for example as a result of fire, or if any factory experience production stop due to, for example, problems with the supply electricity or water, this could result in that the Group is not able to deliver its products as scheduled. This would have an adverse effect on the Group's business and may also result in that costumers lose confidence in the Group's ability to deliver its products on time. If these risks materialise it would have a material adverse effect on the Group's operations, earnings and financial position.

Consumer traffic and external distributors

The majority of the lingerie produced by the Group is distributed by external distributors, including specialized store and fashion boutiques as well as department stores. Further, the Group also operates a few stores in Poland and Germany, primarily to sell stock leftovers. Many of the Group's stores and the stores of the distributors of the Group's products are located in shopping centers or retail shopping areas that benefit from certain "anchor" retail tenants and other attractions, to generate sufficient levels of consumer traffic in the vicinity of its stores. Any decline in the volume of consumer traffic at shopping centers, especially if it is sustained, whether because of e.g. an economic slowdown, a decline in the popularity of shopping centers, the closing of anchor stores, competition from other retail areas or otherwise, could result in reduced sales of the Group's products and excess inventory which would have an adverse effect on the Group's sales, earnings and financial position.

Further, since the majority of the sales of the Group are done through third party distributors the Group is dependent on the continued relationship with its distributors. If the Group's distributors for any reason, decide to not continue to carry the Group's brands, this would have an adverse effect on the Group's business, earnings and financial position.

Acquisitions and integration

From time to time, the Group evaluates potential acquisitions that are in line with the Group's strategic objectives and the Group has also made such acquisitions in the past. There is a risk that there are unidentified risks in recently acquired companies which are unknown to the Group and that such unidentified risks will have an adverse effect on the Group's business, earnings or financial position. Future acquisitions may also include undertakings by the Group to pay additional purchase price to the sellers. Such additional payments would have adverse effects on the financial position of the Group.

Acquisitions generally involve integration of companies or businesses. Such integration processes may prove more costly or more time-consuming than estimated and failure of anticipated synergies may in whole or in part fail to materialise and thus impact the Group's operations, financial position and results adversely. As to the acquisition of Felina, difficulties regarding the integration may include *inter alia* ensuring an alignment of uniform corporate culture across the larger Group and establishing clear and effective internal processes covering the many countries in which the Group now operates. Any delays or difficulties encountered in connection with the integration of Felina may affect the Group's business, profitability and financial position.

Certificate

Most of the Group's products holds the STANDARD 100 by OEKO-TEX certificate. The STANDARD 100 by OEKO-TEX is an independent testing and certification system for textile products which takes into account important legal regulations, including, *inter alia*, requirements of the European Chemicals Regulation and the US Consumer Product Safety Improvement Act. OEKO-TEX carries out extensive product checks and regular audits of the Group to ensure that the requirements for the certificates remains fulfilled. The STANDARD 100 by OEKO-TEX is an important certification as it certifies that the products are in compliance with certain health and environmental requirements. If the Group for any reason is unable to maintain or prolong the STANDARD 100 by OEKO-TEX certificate, for example due to stricter regulations or that the Group does not meet the existing or new requirements, this may affect costumers' and distributors' willingness to buy and sell the Group's products, which would have an adverse effect on the Group's business, earnings and financial position.

Registration of medical products

The Group produces medical textiles, such as bandages, elastic braces and nursing underwear under the brand Lauma Medical. A medical product must be registered in all markets prior to the launch of such product. In some markets it can take between six months and one year to receive such registration. If the Group does not receive a registration in one or several markets or if the registration is delayed, this would result in that the Group would not be able to sell that product on such markets. This would have an adverse effect on the Group's business, earnings and financial position.

Counterparty credit risk

The Group's customers, suppliers, distributors and other counterparties may end up in a financial situation where they cannot pay the agreed fees or other amounts owed to the Group as they fall due, or otherwise abstain from fulfilling their obligations. The inability of the Group's customers, suppliers, distributors and other counterparties to meet their contractual obligation would have a negatively affect the Group's earnings and financial position.

Foreign currency risk

Currency risk is the risk that the Group will suffer losses due to adverse currency movements. The Group's reporting currency is euro (EUR), however the Group also has operations and costs denominated in, *inter alia*, U.S. dollar (USD) and Hungarian forint (HUF). The Group is therefore

exposed to a foreign currency risk, i.e. the risk that currency exchange rate fluctuations will have an adverse effect on the Group's financial position and result.

Liquidity and financing risk

In order to meet contractual obligations, enable acquisitions or to otherwise achieve strategic objectives of the Group, the Group is dependent on its ability to meet its capital requirements. In order to meet its capital requirements, the Group is dependent on the successful sale of the Group's products and services. The Group has also entered into several financing agreements and the Group's operations may in the future require additional financial resources, including financing to refinance debts that become due. The availability of future financing depends on market conditions, such as the availability of capital, as well as on the Group's operating results and future prospects. There is a risk that the Group will not be able to raise necessary capital or that capital cannot be raised on terms acceptable to the Group. This would have an adverse effect on the Group's business, earnings and financial position.

Existing credit facilities and financial loans that the Group has entered into includes customary financial commitments and certain restrictive covenants. If the Group breach such commitments due to, for example the general economic situation or disruptions in the capital market and the credit markets. That would then affect the Group's financial position and results of operations.

Tax related risks

The Group conducts its business and intra-group trading in accordance with its own interpretation of applicable tax regulations and applicable requirements and decisions. There is a risk that the Group's or its advisers' interpretation and the Group's application of laws, provisions, judicial practice has not been, or will in the future not be, correct or that such laws, provisions and practice will be changed, potentially with retroactive effect. If such an event should occur, the Group's tax liabilities can increase, which would have a negative effect on the Group's results and financial position. Revisions to tax regulations could for example comprise denied interest deductions, additional taxes on the direct or indirect sale of property and/or tax losses carried forward being forfeited, which would affect the Group's results and financial position in the future.

Borrowing by the Group and interest risk

The Group has incurred, and may in compliance with the limits set out in the Terms and Conditions further incur, financial indebtedness to finance its business operations. Such financing may generate interest costs which may be higher than the gains produced by the investments made by the Group. Borrowing money to make investments will increase the Group's exposure to the loss of capital and higher interest expenses. Further, the Group is exposed to changes in interest rates through its financing agreements that carry floating rates of interest. The interest rates are affected by a number of factors that are beyond the control of the Group, including but not limited to the interest rate policies of governments and central banks. An increase in interest rates would entail an increase in the Group's interest obligations, which would have a negative effect on the Groups' operations, financial position, earnings and results.

Changes in legislation

Various pieces of legislations and regulations (including, without limitation, competition regulations, land law, environmental regulations and taxes) affect the business conducted by the Group. New or amended legislation and regulations could call for unexpected costs or impose restrictions on the development of the business operations which would have an adverse effect on the Group's business, operations, earnings, results and financial position.

Risks relating to the Bonds

Credit risks

Investors in the Bonds carry a credit risk towards the Group. The investor's ability to receive payment under the Bonds is therefore dependent on the Issuer's ability to meet its payment obligations, which in turn is largely dependent upon the performance of the Group's operations and its financial position. The Group's financial position is affected by several factors of which some have been mentioned above.

There is a risk that an increased credit risk will cause the market to charge the Bonds a higher risk premium, which will affect the Bonds' value negatively. Another aspect of the credit risk is that there is a risk that a deteriorating financial position of the Group will reduce the Group's possibility to receive debt financing at the time of the maturity of the Bonds.

Refinancing risk

There is a risk that the Issuer will be required to refinance certain or all of its outstanding debt, including the Bonds. The Issuer's ability to successfully refinance its debt depends on, among other things, the conditions of the debt capital markets and its financial condition at such time. Even if the debt capital markets improve, there is a risk that the Issuer's access to financing sources will not be available on favourable terms, or at all. Should the Issuer be unable to refinance its debt obligations on favourable terms, or at all, it would have a material adverse effect on the Group's business, financial condition and results of operations and on the bondholders' recovery under the Bonds.

Ability to comply with the Terms and Conditions

The Group is required to comply with the Terms and Conditions, *inter alia*, to pay interest under the Bonds. Events beyond the Group's control, including changes in the economic and business conditions in which the Group operates, may affect the Group's ability to comply with, among other things, the undertakings set out in the Terms and Conditions. A breach of the Terms and Conditions could result in a default under the Terms and Conditions, which could lead to an acceleration of the Bonds, resulting in the Issuer has to repay the bondholders at the applicable call premium. It is possible that the Issuer will not have sufficient funds at the time of the repayment to make the required redemption of Bonds.

Interest rate risks

The Bonds' value depends on several factors, one of the most significant over time being the level of market interest. Investments in the Bonds involve a risk that the market value of the Bonds may be adversely affected by changes in market interest rates.

Liquidity risks and secondary market

Even though the Bonds are listed on a regulated market, active trading in the Bonds does not always occur and a liquid market for trading in the Bonds might not occur. This may result in that the bondholders cannot sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market.

Lack of liquidity in the market may have a negative impact on the market value of the Bonds. Furthermore, the nominal value of the Bonds may not be indicative compared to the market price of the Bonds. It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The market price of the Bonds may be volatile

The market price of the Bonds could be subject to significant fluctuations in response to actual or anticipated variations in the Group's operating results and those of its competitors, adverse business

developments, changes to the regulatory environment in which the Group operates, changes in financial estimates by securities analysts and the actual or expected sale of a large number of Bonds, as well as other factors. In addition, the global financial markets have experienced significant price and volume fluctuations in the past. Should this be repeated in the future there is a risk that it will adversely affect the market price of the Bonds without regard to the Group's operating results, financial condition or prospects.

Ability to service debt

The Issuer's ability to service its debt under the Bonds will depend upon, among other things, the Group's future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, some of which are beyond the Group's control. If the Group's operating income is not sufficient to service its current or future indebtedness, the Group will be forced to take actions such as reducing or delaying its business activities, acquisitions, investments or capital expenditures, selling assets, restructuring or refinancing its debt or seeking additional equity capital. There is a risk that the Group will not be able to affect any of these remedies on satisfactory terms, or at all. This would have a negative effect on the Group's operations, earnings, results and financial position.

Risks relating to the transaction security

Although the Group's obligations towards the bondholders under the Bonds are secured, there is risk that the proceeds of any enforcement sale of the security assets could be insufficient to satisfy all amounts then owed to the bondholders. Furthermore, according to the Terms and Conditions, the Issuer may issue subsequent Bonds and the holders of such Bonds will become bondholders entitled to share the security that have been granted to the existing bondholders. There is a risk that the issue of subsequent Bonds will have an adverse effect on the value of the security that have been granted to the bondholders.

The bondholders are represented by the Security Agent (as defined in the Terms and Conditions) in all matters relating to the transaction security. There is a risk that the Security Agent, or anyone appointed by it, does not properly fulfil its obligations in terms of perfecting, maintaining, enforcing or taking other necessary actions in relation to the transaction security. The transaction security is subject to certain hardening periods during which times the bondholders do not fully, or at all, benefit from the transaction security. The Security Agent shall take enforcement instructions from the bondholders. However, it is possible that the Security Agent will act in a manner that is not preferable to the bondholders.

The Security Agent is entitled to enter into agreements with the Issuer or a third party or take any other actions necessary for the purpose of maintaining, releasing or enforcing the transaction security or for the purpose of settling, among others, the bondholders' rights to the security.

There is a risk that transaction security granted to secure the Bonds could be unenforceable or enforcement of the security could be delayed according to Swedish law or any other applicable laws. There is a risk that the enforceability of the transaction security could be subject to a certain degree of uncertainty. There is also a risk that applicable law could require that a security interest in certain assets can only be properly perfected and its priority retained through certain actions undertaken by the secured party or the security provider. Further, there is a risk that the transaction security will not be perfected if the security agent or the relevant security provider is not able to or does not take the actions necessary to perfect or maintain the perfection of any such security. Such failure could result in the invalidity of the relevant transaction security or adversely affect the priority of such security interest in favour of third parties, including a trustee in bankruptcy and other creditors who claim a security interest in the same transaction security. Moreover, any security granted or perfected after

the debt under the Bonds is incurred, such as any security over acquired entities or future intra-group loans as contemplated under the Terms and Conditions, is subject to hardening periods and may be recovered in whole or in part. This would have an adverse effect on the value of the security that has been granted to the bondholders.

If the Issuer were to be unable to make repayment under the Bonds and a court was to render a judgment that the security granted in respect of the Bonds was unenforceable, there is a risk that the bondholders could find it difficult or impossible to recover the amounts owed to them under the Bonds. Therefore, there could be a risk that the security granted in respect of the Bonds might be ineffective in respect of any of the Issuer's obligations under the Bonds in the event the Issuer becomes insolvent.

In addition, there is a risk that any enforcement could be delayed due to any inability to sell the security assets in a timely and efficient manner.

Risks relating to the enforcement of the transaction security

If the subsidiaries whose shares are, or will be, pledged in favour of the bondholders are subject to any foreclosure, dissolution, winding-up, liquidation, recapitalisation, administrative or other bankruptcy or insolvency proceedings, there is a risk that the shares in such subsidiaries could then have limited value because all of the subsidiaries' obligations must first be satisfied, potentially leaving little or no remaining assets in the subsidiary for the bondholders. As a result, there is a risk that the bondholders will not recover full or any value in the case of an enforcement sale of such pledged shares. In addition, there is a risk that the value of the shares subject to the pledge could decline over time.

Furthermore, the value of the pledge over the intercompany loans granted by the Issuer to certain subsidiaries are dependent on the financial position of those subsidiaries which, in an enforcement situation, is likely to have already been adversely affected. Should a debtor be unable to repay its debt obligations upon an enforcement of a pledge over an intercompany loan, there is a risk that the bondholders will not recover the full or any value of the security granted over such intercompany loan.

If the proceeds of an enforcement are not sufficient to repay all amounts due under or in respect of the Bonds, then the bondholders will only have an unsecured claim against the remaining assets (if any) of the Issuer for the amounts which remain outstanding under or in respect of the Bonds.

The Issuer is dependent on its subsidiaries

A significant part of the Group's assets and revenues relate to the Issuer's subsidiaries. Accordingly, the Issuer is dependent upon receipt of sufficient income and cash flow related to the operation of and the ownership in the subsidiaries to enable it to make payments under the Bonds. Consequently, the Issuer is dependent on the subsidiaries' availability of cash, and their legal ability to make dividends which may from time to time be limited by corporate restrictions and law. Should the Issuer not receive sufficient income from its subsidiaries, the investor's ability to receive payment under the Terms and Conditions may be adversely affected.

Subsidiaries, structural subordination and insolvency of subsidiaries

A significant part of the Group's assets and revenues relate to the Issuer's subsidiaries. The subsidiaries are legally separated from the Issuer and the subsidiaries' ability to make payments to the Issuer is restricted by, among other things, the availability of funds, corporate restrictions and law restriction. Furthermore, in the event of insolvency, liquidation or a similar event relating to one of the subsidiaries, all creditors of such subsidiary could be entitled to payment in full out of the assets of such subsidiary before any entity within the Group, as a shareholder, could be entitled to any payments. Thus, the Bonds are structurally subordinated to the liabilities of the subsidiaries. The

Group and its assets may not be protected from any actions by the creditors of any subsidiary of the Group, whether under bankruptcy law, by contract or otherwise. In addition, defaults by, or the insolvency of, certain subsidiaries of the Group could result in the obligation of the Group to make payments under parent company financial or performance guarantees in respect of such subsidiaries' obligations.

Security over assets granted to third parties

The Group may, subject to limitations, incur additional financial indebtedness and provide security for such indebtedness. In the event of bankruptcy, reorganisation or winding-up of the Issuer, the bondholders will be subordinated in right of payment out of the assets being subject to security. In addition, if any such third party financier holding security provided by the Group could enforce such security due to a default by any Group Company under the relevant finance documents, such enforcement would have a material adverse effect on the Group's assets, operations and ultimately the position of the bondholders.

Currency risks

The Bonds are denominated and payable in EUR. If bondholders in the Bonds measure their investment return by reference to a currency other than EUR, an investment in the Bonds will entail foreign exchange-related risks due to, among other factors, possible significant changes in the value of the EUR relative to the currency by reference to which investors measure the return on their investments. This could cause a decrease in the effective yield of the Bonds below their stated coupon rates and would result in a loss to investors when the return on the Bonds is translated into the currency by reference to which the investors measure the return on their investments. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the bonds. As a result, there is a risk that investors may receive less interest or principal than expected, or no interest or principal.

Majority owner

Following any potential change of control in the Issuer, the Issuer may be controlled by majority shareholder whose interest may conflict with those of the bondholders, particularly if the Group encounters difficulties or is unable to pay its debts as they fall due. A majority shareholder has legal power to control a large amount of the matters to be decided by vote at a shareholder's meeting. For example, a majority shareholder will have the ability to elect the board of directors. Furthermore, a majority shareholder may also have an interest in pursuing acquisitions, divestitures, financings or other transactions that, in their judgment, could enhance their equity investments, although such transactions might involve risks to the bondholders. There is nothing that prevents a shareholder or any of its affiliates from acquiring businesses that directly compete with the Group. If such an event were to arise, it could have a material negative impact on the Group's operations, earnings and financial position. According to the Terms and Conditions, if a change of control event occurs, the bondholders have however a right of prepayment of the Bonds (put option). There is thus a risk that the Issuer does not have enough liquidity to repurchase the Bonds if the bondholders use its right of prepayment, see further under Section "*Put options*" below.

Put options

According to the Terms and Conditions, the Bonds are subject to prepayment at the option of each bondholder (put options) if any person or group of persons, other than the Majority Shareholder (or an Affiliate thereof) acting in concert gains control over the Issuer and where "control" means (a) controlling, directly or indirectly, more than 50% of the voting shares of the Issuer, or (b) the right to, directly or indirectly, appoint or remove the whole or a majority of the directors of the board of directors of the Issuer, and where "acting in concert" means, a group of persons, who, pursuant to an

agreement or understanding (whether formal or informal), actively co-operate, through the acquisition, directly or indirectly, of shares in the Issuer by any of them, either directly or indirectly, to obtain or consolidate control of the Issuer. There is, however, a risk that the Issuer will not have sufficient funds at the time of such prepayment to make the required prepayment of the Bonds which would adversely affect the Issuer, for example by causing insolvency or an event of default under the Terms and Conditions, and thus adversely affect all bondholders and not only those that choose to exercise the option.

Risks related to early redemption

Under the Terms and Conditions for the Bonds, the Issuer has reserved the possibility to redeem all outstanding Bonds before the final redemption date. If the Bonds are redeemed before the final redemption date, the holders of the Bonds have the right to receive an early redemption amount which exceeds the nominal amount in accordance with the Terms and Conditions for the Bonds. However, there is a risk that the market value of the Bonds is higher than the early redemption amount and that it may not be possible for bondholders to reinvest such proceeds at an effective interest rate as high as the interest rate on the Bonds and may only be able to do so at a significantly lower rate. It is further possible that the Issuer will not have sufficient funds at the time of the mandatory prepayment to carry out the required redemption of Bonds.

No action against the Issuer and bondholders' representation

In accordance with the Terms and Conditions for the Bonds, the Agent represents all bondholders in all matters relating to the Bonds and the bondholders are prevented from taking actions on their own against the Issuer. Consequently, individual bondholders do not have the right to take legal actions to declare any default by claiming any payment from the Issuer and may therefore lack effective remedies unless and until a requisite majority of the bondholders agree to take such action. However, there is a risk that an individual bondholder, in certain situations, could bring its own action against the Issuer (in breach of the Terms and Conditions for the Bonds), which could negatively impact an acceleration of the Bonds or other action against the Issuer.

To enable the Agent to represent bondholders in court, the bondholders and/or their nominees may have to submit a written power of attorney for legal proceedings. The failure of all bondholders to submit such a power of attorney could negatively affect the legal proceedings. Under the Terms and Conditions for the Bonds, the Agent will in some cases have the right to make decisions and take measures that bind all bondholders. Consequently, there is a risk that the actions of the Agent in such matters will impact a bondholder's rights under the Terms and Conditions for the Bonds in a manner that is undesirable for some of the bondholders.

The rights of bondholders depend on the Agent's actions and financial standing

By investing in any Bond, each holder of a Bond accepts the appointment of the Agent (being on the date of this Prospectus Intertrust (Sweden) AB) to act on its behalf and to perform administrative functions relating to the Bonds. The Agent has, among other things, the right to represent the bondholders in all court and administrative proceedings in respect of the Bonds. However, the rights, duties and obligations of the Agent as the representative of the holders of the Bonds are subject to the provisions of the Terms and Conditions for the Bonds, and there is no specific legislation or market practice in Sweden (under which laws the Terms and Conditions for the Bonds are governed) which could govern the Agent's performance of its duties and obligations relating to the Bonds. There is a risk that a failure by the Agent to perform its duties and obligations properly or at all will adversely affect the enforcement of the rights of the bondholders.

The Agent may be replaced by a successor Agent in accordance with the Terms and Conditions for the Bonds. Generally, the successor Agent has the same rights and obligations as the retired Agent. It may be difficult to find a successor Agent with commercially acceptable terms or at all. Further, there is a

risk that the successor Agent breaches its obligations under the above documents or that insolvency proceedings could be initiated against it.

A materialisation of any of the above risks will have a material adverse effect on the enforcement of the rights of the holders of the Bonds and the rights of the holders of the Bonds to receive payments under the Bonds.

Bondholders' meetings

The Terms and Conditions for the Bonds include certain provisions regarding bondholders' meetings. Such meetings may be held in order to resolve on matters relating to the bondholders' interests. The Terms and Conditions for the Bonds allow for stated majorities to bind all bondholders, including bondholders who have not taken part in the meeting and those who have voted differently to the required majority at a duly convened and conducted bondholders' meeting. Consequently, there is a risk that the actions of the majority in such matters will impact a bondholder's rights in a manner that is undesirable for some of the bondholders.

Restrictions on the transferability of the Bonds

The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or any U.S. state securities laws. Subject to certain exemptions, a holder of the Bonds may not offer or sell the Bonds in the United States. The Issuer has not undertaken to register the Bonds under the U.S. Securities Act or any U.S. state securities laws or to effect any exchange offer for the Bonds in the future. Furthermore, the Issuer has not registered the Bonds under any other country's securities laws. It is each potential investor's obligation to ensure that the offers and sales of Bonds comply with all applicable securities laws. Due to these restrictions, there is a risk that a bondholder cannot sell its Bonds as desired. Restrictions relating to the transferability of the Bonds could have a negative effect for some of the bondholders.

Risks relating to the clearing and settlement in Euroclear Sweden AB's book-entry system

The Bonds are affiliated to Euroclear Sweden AB's account-based system, and no physical notes has been issued. Clearing and settlement relating to the Bonds is carried out within Euroclear Sweden AB's book-entry system as well as payment of interest and repayment of the principal. Investors are therefore dependent on the functionality of Euroclear Sweden AB's account-based system and any problems thereof could have an adverse effect on the payment of interest and repayment of principal under the Bonds.

Amended or new legislation

This document and the Terms and Conditions are based on Swedish law in force at the date of this Prospectus. There is a risk that amended or new legislation and administrative practices may adversely affect the investor's ability to receive payment under the Terms and Conditions.

Conflict of interests

The Sole Bookrunner may in the future engage in investment banking and/or commercial banking or other services for the Group in the ordinary course of business. Accordingly, conflicts of interest may exist or may arise as a result of the Sole Bookrunner having previously engaged, or will in the future engage, in transactions with other parties, having multiple roles or carrying out other transactions for third parties with conflicting interests.

Business overview and operations

The Group is a fully vertically integrated intimate apparel and lingerie group. The Group was previously a fabric manufacturer (the Lauma Fabrics group) and, in order to execute its vertical integration strategy, acquired the lingerie manufacturer and distributor Felina in June 2017.

The Group business consists of two segments. Lauma Fabrics produces and supplies fabrics, lace and narrow bands for the lingerie industry and medical textiles, and Felina designs, manufactures and distributes branded lingerie. Felina's main brands are "Felina" and "Conturelle". The Groups products are sold in 46 countries worldwide, and primarily in Western, Eastern Europe and CIS countries.

The Group's business is vertically integrated, encompassing the entire value chain from product design to sourcing of raw materials to producing fabrics and lace, moulding and dyeing, manufacturing and distributing finished women's lingerie garments. Lauma Fabrics main production units are located in Latvia and Germany. Felina operates two production facilities in Hungary with distribution companies in Germany, France, Italy, Spain, Portugal, Poland, USA and Czech Republic. Design and development of the Group's products is handled by in-house design teams for both fabrics, laces and lingerie.

Felina

Felina is a premium quality lingerie brand with over 100 years of history. Felina's classical and modern collections are marketed under two distinct and complementary brands Felina and Conturelle. Both brands are positioned in the upper pricing, premium fit segment addressing women above 30 years of age with high purchasing power and low price sensitivity, and its core portfolio focus on bras up to large cup sizes, slips, shape wear and other intimate wear, which distinguish via excellent fitting characteristics, quality, wearing comfort and skin-friendly materials.

Felina is well established in Germany, Benelux and Russia and has a strong presence in other parts of Europe as well as worldwide. Felina has long-standing relationships and a well-developed distribution network covering approximately 5,000 clients in over 32 countries, and its lingerie is largely distributed by external distributors, including specialised shops and boutiques (including Leffers, Herzog & Bräuer, Wäsche Jacobi, Livera, Garhammer and Jost), department stores (including Galleria Kaufhof, Karstadt and El Corte Ingles), and wholesalers. Felina also has its own stores, including four outlets in Germany, as well as four franchise shops and four stores in Poland (of which one operates as an outlet).  - (iii) 4.00:1 from (but excluding) the second anniversary of the First Issue Date until (and including) the Final Redemption Date.

12.1.2 Testing of the Maintenance Test

The Maintenance Test shall be tested quarterly on the basis of the Financial Report for the period covered by the relevant Reference Date on the basis of the Compliance Certificate delivered in connection therewith. The first test date for the Maintenance Test shall be 31 March 2018.

12.1.3 Equity Cure

- (a) If there is a breach of the Maintenance Test, no Event of Default will occur if, within thirty (30) Business Days of a delivery of the relevant Compliance Certificate evidencing that breach, the Issuer has received equity injection in cash in the form of a share issue or an unconditional shareholder contribution in an amount sufficient to ensure compliance with the Maintenance Test, as at the relevant test date (the "**Cure Amount**").
- (b) Upon the making of a Cure Amount, the calculation of the Net Interest Bearing Debt shall be adjusted so that the Net Interest Bearing Debt for the Reference Period is reduced with an amount equal to the Cure Amount.
- (c) Any Equity Cure counted in any calendar quarter shall be included in the Maintenance Test calculations until such time as that calendar quarter falls outside the Reference Period.
- (d) Any Equity Cure must be made in cash and no more than two (2) Equity Cures are to be made over the life of the Bonds. Equity Cures may not be injected in respect of any consecutive calendar quarters.

12.2 Incurrence Test

The Incurrence Test is met if:

- (a) the Net Interest Bearing Debt to EBITDA is below:
 - (i) 3.00:1 from the First Issue Date until (and including) the first anniversary of the First Issue Date;
 - (ii) 2.75:1 from the first anniversary of the First Issue Date until (and including) the second anniversary of the First Issue Date;
 - (iii) 2.50:1 from the second anniversary of the First Issue Date until (and including) the Final Maturity Date; and
- (b) no Event of Default is continuing or would occur upon the incurrence of Financial Indebtedness or the Restricted Payment (as applicable).

12.2.2 Testing of the Incurrence Test in connection with incurrence of Financial Indebtedness and/or the making of a Restricted Payment

- (a) The calculation of the ratio of Net Interest Bearing Debt to EBITDA in connection with the incurrence of Financial Indebtedness and the making of a Restricted Payment shall be made as per a testing date determined by the Issuer, falling no more than two months prior to the incurrence of the new Financial Indebtedness or making of the

Restricted Payment (as applicable). The Net Interest Bearing Debt shall be measured on the relevant testing date so determined, but include the new Financial Indebtedness provided it is an interest bearing obligation (however, any cash balance resulting from the incurrence of the new Financial Indebtedness shall not reduce the Net Interest Bearing Debt). EBITDA shall be calculated as set out below.

- (b) Notwithstanding paragraph 12.2.2, if the Incurrence Test is tested in connection with the incurrence of Financial Indebtedness to be used for an acquisition, the calculation of the ratio of Net Interest Bearing Debt to EBITDA shall be made based on the Net Interest Bearing Debt to EBITDA for the Group including the target company on a consolidated basis. The Net Interest Bearing Debt shall be measured for the Group including the target company on a consolidated basis on the relevant testing date so determined, and include the new Financial Indebtedness incurred by the Group for the acquisition.

12.2.3 Testing of the Incurrence Test – Applicable Margin

Following an Equity Listing Event, the Incurrence Test shall be tested as per a testing date determined by the Issuer falling after the date of the Equity Listing Event (the "**First Margin Test Date**"). Following the First Margin Test Date, the Incurrence Test shall be tested quarterly on the basis of the Financial Report for the period covered by the relevant Reference Date on the basis of the Compliance Certificate delivered in connection therewith.

12.3 Calculation Adjustments

- (a) The figures for EBITDA for the Reference Period ending on the last day of the period covered by the most recent Financial Report shall be used for the Incurrence Test and the Maintenance Test, but adjusted so that:
- (i) entities acquired or disposed of by the Group during the Reference Period, or after the end of the Reference Period but before the relevant testing date, shall be included or excluded (as applicable), pro forma, for the entire Reference Period;
 - (ii) any entity to be acquired with the proceeds from new Financial Indebtedness shall be included, pro forma, for the entire Reference Period (provided that the adjusted EBITDA calculations of the acquired entity shall be verified by a third party finance due diligence provider); and
 - (iii) any increase in value of stock of an acquired entity, which is solely due to the combination of that acquired entity with the Group, shall be disregarded, pro forma, for the entire Reference Period.
- (b) In addition to the above, adjustments to EBITDA included in the investor presentation dated 7 February 2018 relating to the Bonds will be maintained for any Reference Period ending on or before 31 December 2018.

13.4 Financial Indebtedness

The Issuer shall not (and shall procure that no other Group Company will) incur, prolong, renew or extend any Financial Indebtedness, provided however that the Issuer and its Subsidiaries have a right to prolong, renew or extend Financial Indebtedness that constitutes Permitted Debt.

13.5 Disposal of Assets

The Issuer shall not, and shall procure that no Group Company will, sell or otherwise dispose of any shares in any Group Company (other than a repurchase of shares or redemption of share capital made by a wholly-owned Subsidiary of the Issuer) or of any substantial assets (including but not limited to material intellectual property rights) or operations to any Person not being the Issuer or any of its wholly-owned Group Companies, unless the transaction is carried out at fair market value and on terms and conditions customary for such transaction and provided that it does not have a Material Adverse Effect.

13.6 Clean Down Period

The Issuer shall procure that during each calendar year there shall be a period of three (3) consecutive days during which the amount outstanding under any Working Capital Facility, less cash and cash equivalents of the Group, amounts to zero (0) or less. Not less than six (6) months shall elapse between two such periods.

13.7 Dealings with Related Parties

14.2 Maintenance Test

The Issuer has failed to comply with the Maintenance Test and such failure has not been cured in accordance with the provisions for an Equity Cure.

14.3 Other Obligations

A party (other than the Agent) does not comply with its obligations under the Finance Documents, in any other way than as set out in Clause 14.1 (*Non-Payment*) or Clause 14.2 (*Maintenance Test*), provided that the Agent has requested the Issuer in writing to remedy such failure and the Issuer has not remedied the failure within fifteen (15) Business Days from such request (if the failure or violation is not capable of being remedied, the Agent may declare the Bonds due and payable without such prior written request).

14.4 Cross-Acceleration

Any Financial Indebtedness of a Group Company is not paid when due as extended by any originally applicable grace period, or is duly and properly declared to be due and payable prior to its specified maturity as a result of an event of default (however described), provided that no Event of Default will occur under this Clause 14.4 if the aggregate amount of Financial Indebtedness that has fallen due is less than EUR 1,000,000 and provided that it does not apply to any Financial Indebtedness owed to a Group Company.

14.5 Insolvency

- (a) Any Group Company is unable or admits inability to pay its debts as they fall due or is declared to be unable to pay its debts under applicable law, suspends making payments on its debts generally or, by reason of actual or anticipated financial difficulties, commences negotiations with its creditors generally (except for holders of Bonds) with a view to rescheduling its Financial Indebtedness; or
- (b) a moratorium is declared in respect of the Financial Indebtedness of any Group Company.

14.6 Insolvency Proceedings

Any corporate action, legal proceedings or other procedures are taken (other than (i) proceedings or petitions which are being disputed in good faith and are discharged, stayed or dismissed within sixty (60) days of commencement or, if earlier, the date on which it is advertised and (ii), in relation to Subsidiaries, solvent liquidations) in relation to:

14.7 Mergers and Demergers

A decision is made that any Group Company shall be demerged or merged if such merger or demerger is likely to have a Material Adverse Effect, provided that a merger subject to existing security between Subsidiaries only or between the Issuer and a Subsidiary, where the Issuer is the surviving entity, shall not be an Event of Default and a merger involving the

Issuer, where the Issuer is not the surviving entity, shall always be considered an Event of Default and provided that the Issuer may not be demerged.

14.8 Creditors' Process

Any expropriation, attachment, sequestration, distress or execution or any analogous process in any jurisdiction which affects any asset or assets of any Group Company having an aggregate value of an amount equal to or exceeding EUR 1,000,000 and is not discharged within sixty (60) days.

14.9 Continuation of the Business

The Issuer or any other Group Company ceases to carry on its business if such discontinuation is likely to have a Material Adverse Effect.

14.10 Acceleration of the Bonds

- (a) Upon the occurrence of an Event of Default which is continuing, the Agent is entitled to, and shall following an instruction given pursuant to Clause 14.10(d), on behalf of the Bondholders (i) by notice to the Issuer, declare all, but not some only, of the outstanding Bonds due and payable together with any other amounts payable under the Finance Documents, immediately or at such later date as the Agent determines, and (ii) exercise any or all of its rights, remedies, powers and discretions under the Finance Documents.
- (b) The Agent may not accelerate the Bonds in accordance with Clause 14.10(a) by reference to a specific Event of Default if it is no longer continuing or if it has been decided, on a Bondholders Meeting or by way of a Written Procedure, to waive such Event of Default (temporarily or permanently).
- (c) The Agent shall notify the Bondholders of an Event of Default within five (5) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing. The Agent shall, within twenty (20) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing, decide if the Bonds shall be so accelerated. If the Agent decides not to accelerate the Bonds, the Agent shall promptly seek instructions from the Bondholders in accordance with Clause 16 (*Decisions by Bondholders*). The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- (d) If the Bondholders instruct the Agent to accelerate the Bonds, the Agent shall promptly declare the Bonds due and payable and take such actions as may, in the opinion of the Agent, be necessary or desirable to enforce the rights of the Bondholders under the Finance Documents, unless the relevant Event of Default is no longer continuing.
- (e) If the right to accelerate the Bonds is based upon a decision of a court of law or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.

- (f) In the event of an acceleration of the Bonds in accordance with this Clause 14.10, the Issuer shall redeem all Bonds at an amount per Bond equal to the redemption amount specified in Clause 9.3 (*Voluntary total redemption (call option)*), as applicable considering when the acceleration occurs, and, for the non-call period (until the First Call Date), the amount set out in Clause 9.3(a)(i).

15. Distribution of Proceeds

- (a) All payments by the Issuer relating to the Bonds and the Finance Documents following an acceleration of the Bonds in accordance with Clause 14 (*Events of Default and Acceleration of the Bonds*) and any proceeds received from an enforcement of the Transaction Security shall be distributed in the following order of priority, in accordance with the instructions of the Agent and/or the Security Agent:
- (i) first, in or towards payment pro rata of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent in accordance with the Finance Documents (other than any indemnity given for liability against the Bondholders), (ii) other costs, expenses and indemnities relating to the acceleration of the Bonds, the enforcement of the Transaction Security or the protection of the Bondholders' rights as may have been incurred by the Agent, (iii) any costs incurred by the Agent for external experts that have not been reimbursed by the Issuer in accordance with Clause 21.2(g), and (iv) any costs and expenses incurred by the Agent in relation to a Bondholders' Meeting or a Written Procedure that have not been reimbursed by the Issuer in accordance with Clause 16(c);
 - (ii) secondly, in or towards payment *pro rata* of accrued but unpaid Interest under the Bonds (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
 - (iii) thirdly, in or towards payment *pro rata* of any unpaid principal under the Bonds; and
 - (iv) fourthly, in or towards payment *pro rata* of any other costs or outstanding amounts unpaid under the Finance Documents.

Any excess funds after the application of proceeds in accordance with paragraphs (i) to (iv) above shall be paid to the Issuer.

- (b) If a Bondholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 15(a)(i), such Bondholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 15(a)(i).
- (c) Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Bonds or the enforcement of the Transaction Security constitute escrow funds (*redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Bondholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 16 as soon as reasonably practicable.
- (d) If the Issuer or the Agent shall make any payment under this Clause 15, the Issuer or the Agent, as applicable, shall notify the Bondholders of any such payment at least

fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 7(a) shall apply and for any partial redemption in accordance with Clause 9.4 (*Voluntary partial redemption*) due but not made, the Record Date specified in Clause 9.4(c) shall apply.

16. Decisions by Bondholders

- (a) A request by the Agent for a decision by the Bondholders on a matter relating to the Finance Documents shall (at the option of the Agent) be dealt with at a Bondholders' Meeting or by way of a Written Procedure.
- (b) Any request from the Issuer or a Bondholder (or Bondholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request may only be validly made by a Person who is a Bondholder on the Business Day immediately following the day on which the request is received by the Agent and shall, if made by several Bondholders, be made by them jointly) for a decision by the Bondholders on a matter relating to the Finance Documents shall be directed to the Agent and dealt with at a Bondholders' Meeting or by way a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Bondholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Bondholders' Meeting.
- (c) The Agent may refrain from convening a Bondholders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any Person in addition to the Bondholders and such Person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.
- (d) Should the Agent not convene a Bondholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 16(c) being applicable, the Issuer or the Bondholder(s) requesting a decision by the Bondholders may convene such Bondholders' Meeting or instigate such Written Procedure, as the case may be, instead. The Issuer shall upon request provide the convening Bondholder(s) with the information available in the debt register (*skuldbok*) kept by the CSD in respect of the Bonds in order to convene and hold the Bondholders' Meeting or instigate and carry out the Written Procedure, as the case may be.
- (e) Only a Person who is, or who has been provided with a power of attorney pursuant to Clause 6 (*Right to Act on Behalf of a Bondholder*) from a Person who is, registered as a Bondholder:

- (i) the issue of any Subsequent Bonds, if the Total Nominal Amount of the Bonds exceeds, or if such issue would cause the Total Nominal Amount of the Bonds to at any time exceed, EUR 60,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Bonds are issued);
 - (ii) waive a breach of or amend an undertaking set out in Clause 13 (*General Undertakings*);

 - (vi) amend the provisions regarding the majority requirements under these Terms and Conditions.
- (g) Any matter not covered by Clause 16(f) shall require the consent of Bondholders representing more than 50 per cent. of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 18(c). This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 19(a)(i) or (19(a)(ii))), an acceleration of the Bonds or the enforcement of any Transaction Security.
- (h) Quorum at a Bondholders' Meeting or in respect of a Written Procedure only exists if a Bondholder (or Bondholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 16(f) or otherwise at least twenty (20) per cent of the Adjusted Nominal Amount:
- (i) if at a Bondholders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or

- (i) If a quorum does not exist at a Bondholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Bondholders' Meeting (in accordance with Clause 17(a)) or initiate a second Written Procedure (in accordance

with Clause 18(a)), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Bondholders' consent. The quorum requirement in Clause 16(h) shall not apply to such second Bondholders' Meeting or Written Procedure.

- (j) Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- (k) A Bondholder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- (l) The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Bondholder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Bondholders that consent at the relevant Bondholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- (m) A matter decided at a duly convened and held Bondholders' Meeting or by way of Written Procedure is binding on all Bondholders, irrespective of them being present or represented at the Bondholders' Meeting or responding in the Written Procedure. The Bondholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Bondholders.
- (n) All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Bondholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- (o) If a decision shall be taken by the Bondholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Bond is owned by a Group Company or an Affiliate.
- (p) Information about decisions taken at a Bondholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Bondholders and published on the websites of the Group and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Bondholders' Meeting or Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

17. Bondholders' Meeting

- (a) The Agent shall convene a Bondholders' Meeting by sending a notice thereof to each Bondholder no later than five (5) Business Days after receipt of a valid request from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons).

- (b) Should the Issuer want to replace the Agent, it may convene a Bondholders' Meeting in accordance with Clause 17(a) with a copy to the Agent. After a request from the Bondholders pursuant to Clause 21.4(c), the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Bondholders' Meeting in accordance with Clause 17(a).
- (c) The notice pursuant to Clause 17(a) shall include (i) time for the meeting, (ii) place for the meeting, (iii) agenda for the meeting (including each request for a decision by the Bondholders), (iv) a specification of the Business Day on which a Person must be registered as a Bondholder in order to be entitled to exercise voting rights and (v) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the Bondholders' Meeting. Should prior notification by the Bondholders be required in order to attend the Bondholders' Meeting, such requirement shall be included in the notice.
- (d) The Bondholders' Meeting shall be held no earlier than fifteen (15) Business Days and no later than thirty (30) Business Days from the notice.
- (e) Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Bondholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Bondholders to vote without attending the meeting in person.

18. Written Procedure

- (a) The Agent shall instigate a Written Procedure (which may be conducted electronically in a manner determined by the Agent) no later than five (5) Business Days after receipt of a request from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Bondholder on the Business Day prior to the date on which the communication is sent.
- (b) Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 18(a) to each Bondholder with a copy to the Agent.

19. Amendments and Waivers

- (a) The Issuer and the Agent and/or the Security Agent (as applicable) (in each case acting on behalf of the Bondholders) may agree to amend the Finance Documents or waive any provision in a Finance Document, provided that:
 - (i) such amendment or waiver is not detrimental to the interest of the Bondholders, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - (ii) such amendment or waiver is required by applicable law, a court ruling or a decision by a relevant authority; or
 - (iii) such amendment or waiver has been duly approved by the Bondholders in accordance with Clause 16 (*Decisions by Bondholders*).
- (b) The consent of the Bondholders is not necessary to approve the particular form of any amendment to the Finance Documents. It is sufficient if such consent approves the substance of the amendment.
- (c) The Agent shall promptly notify the Bondholders of any amendments or waivers made in accordance with Clause 19(a), setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to the Finance Documents are published on its website in the manner stipulated in Clause 11.3 (*Publication of Finance Documents*). 20. Parallel Debt

- (a) For the purpose of this Clause 20 (*Parallel Debt*) the "**Corresponding Obligations**" mean all amounts payable by the Issuer to each of the Bondholders (whether present or future and whether actual or contingent) under these Terms and Conditions.
- (b) Notwithstanding any other provision of these Terms and Conditions, for the purpose of ensuring and preserving the enforceability of the Security Documents, the Issuer irrevocably and unconditionally undertakes to pay to the Security Agent, as creditor in its own right and not as representative of the Bondholders, sums equal to and in the currency of the Corresponding Obligations. The payment undertaking of the Issuer under this Clause 20 (*Parallel Debt*) is to be referred to as a "**Parallel Debt**" and such Parallel Debt can, subject to any other forms of evidence, be evidenced in the form of a non-negotiable promissory note (in the form specified in Annex 1 to these Terms and Conditions) issued by the Issuer to the Security Agent provided that the amount of the debt under such promissory note shall at all times not exceed the amount payable by the Issuer under the Corresponding Obligations (the "**Promissory Note**").
- (c) The Security Agent shall have its own separate and independent claim to receive payment of the Parallel Debt from the Issuer.

- (d) The Parallel Debt constitutes an undertaking, obligation and liability to the Security Agent which is separate and independent from, and without prejudice to, the Corresponding Obligations.
- (e) For the avoidance of doubt, the aggregate amount due by the Issuer under the Parallel Debt will be decreased to the extent the Issuer has paid any amounts to the Bondholders under these Terms and Conditions or in the amount the payments have been made by the Security Agent to the Bondholders in case the Security Agent has enforced the Security Document, except to the extent such payment shall have been subsequently avoided or reduced by virtue of provisions or enactments relating to bankruptcy, insolvency, preference, liquidation or similar laws of general application.
- (f) For the avoidance of doubt, to the extent the Issuer has paid any amounts to the Security Agent under the Parallel Debt the Corresponding Obligations will be decreased accordingly, except to the extent such payment shall have been subsequently avoided or reduced by virtue of provisions or enactments relating to bankruptcy, insolvency, preference, liquidation or similar laws of general application.
- (g) To the extent the Security Agent receives any amount in payment of the Parallel Debt following its respective specific written claim made to the Issuer, the Security Agent shall transfer such amount to the Bondholders in accordance with these Terms and Conditions.
- (h) For the purpose of clarification, the Parallel Debt will become due and payable at the same time and to the same extent as the Corresponding Obligations become due and payable.

21. Appointment and Replacement of the Agent and the Security Agent

21.1 Appointment of Agent and the Security Agent

- (a) By subscribing for Bonds, each initial Bondholder appoints the Agent and the Security Agent to act as its agent and security agent (as applicable) in all matters relating to the Bonds and the Finance Documents, and authorises each of the Agent and the Security Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions), in any legal or arbitration proceedings relating to the Bonds held by such Bondholder including any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Transaction Security.
- (b) By acquiring Bonds, each subsequent Bondholder confirms the appointment and authorisation for the Agent and the Security Agent to act on its behalf, as set forth in Clause 21.1(a).
- (c) Each Bondholder shall immediately upon request provide the Agent and the Security Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent or the Security Agent, as applicable), that the Agent or the Security Agent (as applicable) deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. Neither the Agent nor the Security Agent is under any obligation to represent a Bondholder which does not comply with such request.

- (d) The Issuer shall promptly upon request provide the Agent and the Security Agent with any documents and other assistance (in form and substance satisfactory to the Agent or the Security Agent, as applicable), that the Agent or the Security Agent (as applicable) deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- (e) Each of the Agent and the Security Agent is entitled to fees for its respective work and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's and the Security Agent's respective obligations as Agent and Security Agent (as applicable) under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- (f) Each of the Agent and the Security Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

21.2 Duties of the Agent and the Security Agent

- (a) Each of the Agent and the Security Agent shall represent the Bondholders subject to and in accordance with the Finance Documents, including, inter alia, holding the Transaction Security pursuant to the Security Documents on behalf of the Bondholders and, where relevant, enforcing the Transaction Security on behalf of the Bondholders. Neither the Agent nor the Security Agent is responsible for the content, valid execution, legal validity or enforceability of the Finance Documents or the perfection of the Transaction Security.
- (b) When acting in accordance with the Finance Documents, each of the Agent and the Security Agent is always acting with binding effect on behalf of the Bondholders. Each of the Agent and the Security Agent shall carry out its duties under the Finance Documents in a reasonable, proficient and professional manner, with reasonable care and skill.
- (c) Each of the Agent's and the Security Agent's duties under the Finance Documents are solely mechanical and administrative in nature and the Agent and the Security Agent only acts in accordance with the Finance Documents and upon instructions from the Bondholders, unless otherwise set out in the Finance Documents. In particular, neither the Agent nor the Security Agent is acting as an advisor (whether legal, financial or otherwise) to the Bondholders or any other Person.
- (d) Neither the Agent nor the Security Agent is obligated to assess or monitor the financial condition of the Issuer or compliance by the Issuer of the terms of the Finance Documents unless to the extent expressly set out in the Finance Documents, or to take any steps to ascertain whether any Event of Default (or any event that may lead to an Event of Default) has occurred. Until it has actual knowledge to the contrary, each of the Agent and the Security Agent is entitled to assume that no Event of Default (or any event that may lead to an Event of Default) has occurred.
- (e) Each of the Agent and the Security Agent is entitled to delegate its duties to other professional parties, but each of them shall remain liable for the actions of such parties under the Finance Documents.

- (f) Each of the Agent and the Security Agent shall treat all Bondholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other Person, other than as explicitly stated in the Finance Documents.
- (g) Each of the Agent and the Security Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. The Issuer shall on demand by the Agent and/or the Security Agent pay all costs for external experts engaged after the occurrence of an Event of Default, or for the purpose of investigating or considering (i) an event which the Agent reasonably believes is or may lead to an Event of Default, (ii) a matter relating to the Issuer or the Transaction Security which the Agent reasonably believes may be detrimental to the interests of the Bondholders under the Finance Documents or (iii) as otherwise agreed between the Agent and the Issuer. Any compensation for damages or other recoveries received by the Agent and/or the Security Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 15 (*Distribution of Proceeds*).
- (h) Notwithstanding any other provision of the Finance Documents to the contrary, neither the Agent nor the Security Agent is obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- (i) If in the Agent's or the Security Agent's reasonable opinion the cost, loss or liability which it may incur (including its respective reasonable fees) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, or the Bondholders (as applicable), the Agent or the Security Agent (as applicable) may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- (j) Unless it has actual knowledge to the contrary, each of the Agent and the Security Agent may assume that all information provided by or on behalf of the Issuer (including by its advisors) is correct, true and complete in all aspects.
- (k) Each of the Agent and the Security Agent shall give a notice to the Bondholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 21.2(i).

21.3 Limited liability for the Agent and the Security Agent

- (a) Neither the Agent nor the Security Agent will be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. Neither the Agent nor the Security Agent shall be responsible for indirect loss.
- (b) Neither the Agent nor the Security Agent shall be considered to have acted negligently if it has acted in accordance with advice addressed to it from or opinions of reputable external experts or if it has acted with reasonable care in a situation when it considers

that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.

- (c) Neither the Agent nor the Security Agent shall be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by it to the Bondholders, provided that it has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by it for that purpose.
- (d) Neither the Agent nor the Security Agent shall have any liability to the Bondholders for damage caused by it acting in accordance with instructions of the Bondholders given in accordance with the Finance Documents.
- (e) Any liability towards the Issuer which is incurred by the Agent or the Security Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Bondholders under the Finance Documents.
- (f) The Agent is not liable for information provided to the Bondholders by or on behalf of the Issuer or any other Person.

21.4 Replacement of the Agent and the Security Agent

- (a) Subject to Clause 21.4(f), each of the Agent and the Security Agent may resign by giving notice to the Issuer and the Bondholders, in which case the Bondholders shall appoint a successor Agent and/or the Security Agent at a Bondholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- (b) Subject to Clause 21.4(f), if the Agent and/or the Security Agent is Insolvent, the Agent and/or the Security Agent (as applicable) shall be deemed to resign as Agent and/or the Security Agent (as applicable) and the Issuer shall within ten (10) Business Days appoint a successor Agent and/or a successor Security Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- (c) A Bondholder (or Bondholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a Person who is a Bondholder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Bondholders, be given by them jointly), require that a Bondholders' Meeting is held for the purpose of dismissing the Agent and/or the Security Agent and appointing a new Agent and/or the new Security Agent (as applicable). The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent and/or the Security Agent be dismissed and a new Agent and/or a new Security Agent be appointed.
- (d) If the Bondholders have not appointed a successor Agent and/or successor Security Agent within ninety (90) days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent and/or the Security Agent was dismissed through a decision by the Bondholders, the Issuer shall appoint a successor Agent and/or successor Security Agent which shall be an independent financial

institution or other reputable company which regularly acts as agent under debt issuances.

- (e) The retiring Agent and/or the retiring Security Agent (as applicable) shall, at its own cost, make available to the successor Agent and/or the successor Security Agent (as applicable) such documents and records and provide such assistance as the successor Agent and/or successor Security Agent may reasonably request for the purposes of performing its functions as Agent and/or the Security Agent under the Finance Documents.
- (f) The Agent's and the Security Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and/or the successor Security Agent and acceptance by such successor Agent and/or the successor Security Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent and/or the retiring Security Agent (as applicable).
- (g) Upon the appointment of a successor, the retiring Agent and/or the retiring Security Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent and/or the Security Agent (as applicable). Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent and/or the Security Agent.
- (h) In the event that there is a change of the Agent and/or the Security Agent in accordance with this Clause 21.4, the Issuer shall execute such documents and take such actions as the new Agent and/or the Security Agent may reasonably require for the purpose of vesting in such new Agent and/or the Security Agent the rights, powers and obligation of the Agent and/or the Security Agent and releasing the retiring Agent and/or the Security Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent and/or the new Security Agent agrees otherwise, the new Agent and/or the new Security Agent shall be entitled to the same fees and the same indemnities as the retiring Agent and/or the Security Agent (as applicable).

22. Appointment and Replacement of the Issuing Agent

- (a) The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- (b) The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is Insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

23. Appointment and replacement of the CSD

- (a) The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Bonds.
- (b) The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Bondholder. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Securities Markets Act (*lag (2007:528) om värdepappersmarknaden*) and be authorised as a central securities depository in accordance with the Financial Instruments Account Act (*lag (1998:1479) om värdepapperscentraler och kontoföring av finansiella instrument*).

24. No Direct Actions by Bondholders

- (a) A Bondholder may not take any steps whatsoever against the Issuer or with respect to the Transaction Security to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (*företagsrekonstruktion*) or bankruptcy (*konkurs*) (or its equivalent in any other jurisdiction) of the Issuer in relation to any of the liabilities of the Issuer under the Finance Documents.
- (b) Clause 24(a) shall not apply if the Agent has been instructed by the Bondholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Bondholder to provide documents in accordance with Clause 21.1(c)), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 21.2(i), such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 21.2(k) before a Bondholder may take any action referred to in Clause 24(a).
- (c) The provisions of Clause 24(a) shall not in any way limit an individual Bondholder's right to claim and enforce payments which are due to it under Clause 9.5 (*Mandatory repurchase due to a Change of Control Event (put option)*) or other payments which are due by the Issuer to some but not all Bondholders.

25. Prescription

- (a) The right to receive repayment of the principal of the Bonds shall be prescribed and become void ten (10) years from the Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be prescribed and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Bondholders' right to receive payment has been prescribed and has become void.
- (b) If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (*preskriptionslag (1981:130)*), a new limitation period of ten (10) years

with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

26. Notices and Press Releases

26.1 Notices

- (a) Any notice or other communication to be made under or in connection with the Finance Documents:
 - (i) if to the Agent, shall be given at the address registered with the Swedish Companies Registration Office (*Bolagsverket*) on the Business Day prior to dispatch or, if sent by email by the Issuer, to such email address notified by the Agent to the Issuer from time to time, initially trustee@intertrustgroup.com;

A Notice to the Bondholders shall also be published on the websites of the Group and the Agent.
- (b) Any notice or other communication made by one Person to another under or in connection with the Finance Documents shall be sent by way of courier, personal delivery or letter (and, if between the Agent and the Issuer, by email) and will only be effective, in case of courier or personal delivery, when it has been left at the address specified in Clause 26.1(a) or, in case of letter, three (3) Business Days after being deposited postage prepaid in an envelope addressed to the address specified in Clause 26.1(a) or, in case of email to the Agent or the Issuer, when received in legible form by the email address specified in Clause 26.1(a).
- (c) Failure to send a notice or other communication to a Bondholder or any defect in it shall not affect its sufficiency with respect to other Bondholders.

26.2 Press releases

- (a) After an application to list the Bonds have been submitted, any notice that the Issuer or the Agent shall send to the Bondholders pursuant to Clauses 9.3 (*Voluntary total redemption (call option)*), 9.4 (*Voluntary partial redemption*), 11.1(b), 14.10(c), 16(p), 17(a), 18(a) and 19(c) shall also be published by way of press release by the Issuer or the Agent, as applicable.
- (b) In addition to Clause 26.2(a), if any information relating to the Bonds or the Group contained in a notice the Agent may send to the Bondholders under these Terms and

Conditions has not already been made public by way of a press release, the Agent shall before it sends such information to the Bondholders give the Issuer the opportunity to issue a press release containing such information. If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Bondholders, the Agent shall be entitled to issue such press release.

27. Force Majeure and Limitation of Liability

- (a) Neither the Agent nor the Issuing Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade or any other similar circumstance (a "**Force Majeure Event**"). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Issuing Agent itself takes such measures, or is subject to such measures.
- (b) The Issuing Agent shall have no liability to the Bondholders if it has observed reasonable care. The Issuing Agent shall never be responsible for indirect damage with exception of gross negligence and wilful misconduct.
- (c) Should a Force Majeure Event arise which prevents the Agent or the Issuing Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.
- (d) The provisions in this Clause 27 apply unless they are inconsistent with the provisions of the Financial Instruments Accounts Act which provisions shall take precedence.

- (a) Save for Clause 20 (*Parallel Debt*) and the Promissory Note, which shall be governed by and construed in accordance with Dutch law, these Terms and Conditions and any non-contractual obligations arising out of or in connection therewith, shall be governed by and construed in accordance with the laws of Sweden.
- (b) The Issuer submits to the non-exclusive jurisdiction of the City Court of Stockholm (*Stockholms tingsrätt*).
